Sharrows on Pacific Ave

As part of the implementation of the South Bay Bicycle Master Plan, the City Council will consider the Parking and Public Improvements Commission's recommendation to install shared roadway bicycle markings (sharrows) on Pacific Avenue from 5th Street to Rosecrans Avenue. These markings are approved by the CA MUTCD and are widely supported as a tool to make roadways safer for bicyclists as well as motorists. By adding markings to make this street a more desirable route for bicyclists, we are making the healthy choice the easy choice for our community. Interested parties are encouraged to attend and participate.

CITY COUNCIL MEETING

TUESDAY, MAY 7, 2013 AT 6:00 P.M.

CITY HALL COUNCIL CHAMBERS

1400 HIGHLAND AVENUE, MANHATTAN BEACH, CA 90266
