Who is [REDACTED]?

[REDACTED] is the leader in Security Operations. Using the cloud-native [REDACTED]® Platform, we help organizations end cyber risk by providing security operations as a concierge service. [REDACTED] solutions include [REDACTED] Managed Detection and Response (MDR), Managed Risk, Managed Security Awareness, and Incident Response; each delivered by the industry's original Concierge Security® Team. Highly-trained Concierge Security experts work as an extension of internal teams to provide 24x7 monitoring, detection and response, as well as ongoing risk management to proactively protect organizations while continually strengthening their security posture.
