Dear Mr. Lee:

BEACH CITIES MEMORANDUM OF UNDERSTANDING FOR COORDINATED INTEGRATED MONITORING PROGRAM 1-YEAR TERM EXTENSION

The Los Angeles County Flood Control District desires to extend the term of the Memorandum of Understanding (MOU) for Administration and Cost Sharing of Coordination and Implementation of the Coordinated Integrated Monitoring Program (CIMP) for the Beach Cities Watershed Management Group for one (1) additional year in accordance with the terms of Section 1 of Amendment No. 1 to the CIMP MOU effective July 1, 2020.

The District and the Cities of Hermosa Beach, Manhattan Beach, Redondo Beach, and Torrance jointly implemented the Beach Cities CIMP as required by the 2021 Regional Municipal Separate Storm Sewer System Permit through the CIMP MOU, which is set to expire on December 31, 2023. As authorized by the CIMP MOU, the City of Manhattan Beach serves as the administrator of the cost sharing and consultant contracts, and in order to ensure uninterrupted performance of the services outlined in the CIMP MOU through Fiscal Year 2023-24, the parties must receive the unanimous written consent to extend the term for an additional year.

The District appreciates the efforts of the City of Manhattan Beach in administering the Beach Cities CIMP and, by this letter, provides its written consent to extend the term of the MOU for Administration and Cost Sharing of Coordination and Implementation of the CIMP for the Beach Cities Watershed Management Group for one (1) additional year through December 31, 2024.
