Section 5. District Obligations to Make Available Facilities.

The District shall make the District Facilities available to the City subject to the terms of this Agreement.

A. Restriction on Use. The City has no right to use and shall not permit the District Facilities to be used for a purpose or in a manner that:

1. Is not legal;
2. Is not a use for which the District Facilities were designed; or
3. Is prohibited by the District’s insurance policies.

B. Permits for City Employees and Officials. The District has set up a system of permits to allow non-District residents to enroll students for instruction at District schools. City employees shall have priority in the granting of such permits to the extent permitted by State law and in accordance with District Board Policy No. 5117 and Administrative Regulation No. 5117.

C. Site Specific Terms and Conditions.

1. The parties previously developed site specific agreements for the City’s use of District Facilities identified below. The terms of such site specific agreements have been incorporated, amended and restated in the Exhibits described below. This Agreement, including the Exhibits, supersedes the former site specific agreements:

a) Athletic Fields and Facilities. Exhibit B provides for use by the City, subject to site specific terms and conditions, of the following athletic fields, facilities and related parking facilities: (1) Begg Field, (2) Manhattan Beach Middle School Fields, (3) Pacific School Athletic Field, (4) Center Athletic Field located at Pacific School, (5) Grand View School Athletic Field, (6) Robinson School Athletic Field, (7) Meadows School Athletic Field, (8) Pennekamp School Athletic Field, (9) Mira Costa High School Athletic Fields.

d) Polliwog Park and Premiere Field. Exhibit E provides for use by the City, subject to site specific terms and conditions, of Polliwog Park and Premier Field.

2. In addition to the facilities that were previously governed by site specific agreements, the City may use the following District Facilities, subject to the terms of this Agreement:

a) Exterior Courts. Basketball, tennis and racket courts shall be treated as District Facilities subject to the terms and conditions of Exhibit B.

b) Mira Costa Pool. Exhibit F provides for use by the City, subject to specific terms and conditions, of the pool located at Mira Costa High School.

3. District's Maintenance and Operations Facility. The City's Facility Strategic Plan dated April 2008 identifies the portion of Polliwog Park known as the District's Maintenance and Operations Facility as a key site for recreational facilities and open space. The parties will negotiate in good faith with the goal of executing a comprehensive agreement as to the City's use of the Maintenance and Operations Facility.

4. To the extent that any provision in any Exhibit or any site specific agreement the parties may execute in the future conflicts with any provision in the body of this Agreement, the provisions in the body of this Agreement shall prevail unless the terms of such site specific agreement expressly states that the site specific agreement shall prevail notwithstanding this Section. The parties may enter into additional site specific agreements and any such agreements shall be subject to all provisions in this Agreement as if expressly stated in that specific agreement.

D. General Use of District Facilities. From time to time, the City may need the use of District's facilities, or portions thereof, other than those specified herein. In such instances, the City shall submit its request for such use in writing to the District. The District shall consider such request and may deny the request if the District determines, in its sole discretion, that the requested use would interfere with District activities or Civic Center Act uses, would result in the use of District facilities on a State or Federal Holiday, or would damage District facilities because such facilities were not designed to accommodate the proposed use. The parties agree that requested uses under this provision will be for one time uses of the requested District facilities. If an ongoing use of a District facility is requested by the City, the parties shall negotiate and amend this Agreement to set forth the terms and conditions under which such ongoing use of a District facility would be permitted. The parties agree that the City Manager or his representative and the District Superintendent or his representative must mutually agree as to the use of any District facility under the terms of this provision.

E. Public Safety Training Exercises and Use of Facilities During Emergencies.

1. At least twice each year, on a Saturday or Sunday as mutually agreed upon by the parties, the City shall have exclusive use of the parking facilities, driveways and other similar large open asphalt areas as well as other District facilities as requested by the City for public safety training exercises; provided, however, that such use shall be scheduled so that it does not interfere with District activities.

2. In the case of a declared local, state or federal emergency, the District shall use its best efforts to allow the use of District facilities for the sheltering of persons and any other use related to the emergency.

3. In connection with any such emergency, the District and the City shall coordinate with regard to locating emergency containers at each of the District school sites. The District shall provide a location on each campus that is acceptable to the City in size and location. The City shall remove the emergency containers within 24 hours after the declared emergency no longer exists. Under no circumstances shall the emergency containers remain on District property year round.

F. Tour of District Facilities. During the month of July or August of each year during the Term on a date and time mutually agreeable to the parties, the District shall provide to the City Manager and other staff designated by the City a tour of District facilities.

Section 6. City Obligations. In consideration for the City's use and the District's provision of the facilities and programs as described herein, the City shall provide to the District the following compensation:

A. Annual Payment for Use of District Facilities. During the Term, the City shall make an annual payment to the District of \$550,000 for City use of District Facilities. The annual payment shall be increased annually on the anniversary of July 1 for each year during the Term by an inflation factor percentage that will be calculated by taking the change in the Consumer Price Index for all Urban Consumers for the Los Angeles-Riverside-Orange County Metropolitan Area, or its successor ("CPI-U"), from May of the previous calendar year to May of the then current calendar year. In no event shall such increase exceed \$15,000 in any one year. The City shall pay such annual payment in four quarterly payments made on August 1, November 1, February 1, and May 1 of each year during the Term. The District shall submit a written invoice requesting payment at least thirty (30) days prior to each quarterly payment date. The City may elect, in its sole discretion, to prepay one or more of the required quarterly payments. Upon receiving written notice from the District that the District has determined that, due to current financial limitations, a prepayment of one or more of the quarterly payments would be beneficial to avoid an adverse effect on the quality or level of facilities and programs provided by the District hereunder, the City shall consider the District's request to make such prepayment. Such notice shall describe the current financial limitations affecting the District.

B. Maintenance of District Athletic Fields. The City shall maintain the athletic field components of the District Facilities ("Maintenance") in accordance with the maintenance standards applied at City owned athletic fields (the "Maintenance Standards").

C. Resurfacing of Hardscape. Commencing in the 2014-2015 fiscal year, the City will incorporate the hardscape and associated parking lots shown on Exhibit A in its periodic resurfacing and slurry seal program, at no cost to the District.

D. Improvements to District Facilities. The City Manager or designee and the District Superintendent or designee shall meet, when necessary, to discuss additional improvements to District Facilities. Upon written agreement of the City and the District, the City may make additional agreed upon improvements to some or all of the District Facilities. Any improvements to be made to any of the District Facilities will be pursuant to plans and specifications reasonably approved by the District and the City.

Section 7. Annual Field Closures. The District and the City agree that in order to obtain maximum use from District Facilities, annual field closures must occur to allow for necessary field refurbishment. By July 1 of each year during the Term of this Agreement, the City will submit to the District an “Annual Field Maintenance Closure Schedule” (“Schedule”) showing the requested closure periods, indicated by closing and opening dates and by field name. The District will review the schedule and submit requested revisions within thirty (30) days of receipt of the Schedule. If no revisions are received by the City within the thirty (30) day period, the Schedule will be in force from September 1 to August 31 of the following year. If the District disagrees with the Schedule, the City and the District will negotiate a revised Schedule. If a satisfactory agreement regarding field closures for maintenance cannot be made, the City will make reasonable efforts to maintain the fields pursuant to the terms of this Agreement as set forth in the Exhibits but shall be relieved of its obligation to meet the Maintenance Standards to the extent that meeting those standards would reasonably require periodic field closures.

Section 8. Rules and Regulations. The City may formulate and enforce such rules and regulations that apply to its use of District Facilities as are appropriate to conduct its activities. The City shall not permit any person or organization to use District Facilities where such use is inconsistent with Education Code Sections 10900 through 10915 and Section 40044 and other applicable laws.

Section 9. Annual Report and Meeting.

A. Accountability and Audit.

1. It is in the best interest of the public if the benefits of this Agreement are well understood. The parties agree that the District shall include and clearly acknowledge in its annual budget the payments made to the District under this Agreement as a separate line item in that budget.

2. The District shall maintain records of accounts maintained by the District for the receipt and disbursement of any funds received in connection with this Agreement according to accepted government accounting principles, which records shall be available to the City for audit. The District shall allow a representative of the City to examine, audit and make transcripts or copies of such records during regular business hours upon notice to the District by the City. The District shall provide the City with its full cooperation in any audit or request for examination of records.

B. Annual Meeting. The City Manager and the District Superintendent shall conduct an annual meeting no later than June 1 of each year during the Term to ensure compliance with this Agreement and to discuss issues such as whether certain facilities should be added to or deleted from this Agreement. At or prior to that annual meeting, the District shall provide the City with a list of uses prohibited by the District's insurance policies so that the City may comply with Section 5.A.3 above.

Section 10. Insurance.

A. During the Term, the City shall maintain, at its own expense, general liability insurance or self-insurance that governs its use of District Facilities in the minimum amount of \$5,000,000 per occurrence. To the extent that the City does not self-insure to meet this obligation, the City shall evidence the existence of proper insurance by sending an appropriate certificate of coverage to the District, which shall provide for ten (10) days' advance notice to the District prior to cancellation or alteration of such coverage and name the District as an additional insured. The insurance afforded by this policy shall be primary and any other insurance carried by the District with respect to the matters covered by such policy shall be excess and non-contributing.

B. During the term of this Agreement, the District shall maintain, at its own expense, general liability insurance or self-insurance with respect to District Facilities in the minimum amount of \$5,000,000 per occurrence. To the extent that the District does not self-insure to meet this obligation, the District shall evidence the existence of proper insurance by sending an appropriate certificate of coverage to the City, which shall provide for ten (10) days' advance notice to the City prior to cancellation or alteration of such coverage and name the City as an additional insured. The insurance afforded by this policy is primary and any other insurance carried by the City with respect to the matters covered by such policy shall be excess and non-contributing.

C. In the event the City subcontracts the maintenance of District Facilities to a third party (the "Subcontractor"), the City shall require that the Subcontractor have the following forms of insurance coverage:

1. Liability Insurance. The Subcontractor shall procure a policy of liability insurance with a company listed in the current A.M. Best's Insurance Guide with a rating of B+ or better, which company is authorized to do business in the State of California, and which policy will protect the District against any and all liability for death, injury, loss, or damage to person or property arising out of or in any manner incident to the Subcontractor's operations under any contract with the City for the maintenance of District Facilities. Such policy of insurance shall contain not less than \$1,000,000 combined single limit coverage per occurrence and \$3,000,000 aggregate against any injury, death, loss, or damage as a result of wrongful or negligent acts or omissions by the Subcontractor.

2. Workers' Compensation Insurance. The Subcontractor at all times shall keep and maintain workers' compensation insurance, at its own expense, for all persons employed by it, in connection with the maintenance contract as required by California law and any other applicable laws, and shall hold the District harmless from all liability that may arise by

reason of injuries while performing any work or labor necessary to carry out the provisions of this Agreement. The Subcontractor shall, during the life of its maintenance contract, keep on file with the District evidence that the Subcontractor is fully and properly insured as required by California Workers' Compensation insurance laws and any other applicable laws, which insurance shall be approved by the District as to form and sufficiency.

3. The Subcontractor shall deliver a certificate of insurance coverage to the District evidencing the existence of such coverage before such Subcontractor commences activity at any District Facility and such policy shall name the City and the District as additional insureds on the policy of general liability. The general liability policy shall provide the following endorsement:

“This policy shall not be suspended, canceled, reduced in coverage or required limits of liability or amounts of insurance or non-renewed until notice has been mailed to the Manhattan Beach Unified School District, at 325 South Peck Road, Manhattan Beach, California 90266. Date of suspension, cancellation, reduction in coverage or non-renewal shall not be less than 10 days after the date of mailing of such notice. The insurance afforded by this policy is primary and any other insurance carried by the City or Manhattan Beach Unified School District with respect to the matters covered by such policy shall be excess and noncontributing.”

4. The Subcontractor shall pay, at its own expense, all premiums upon the required policies of insurance and shall maintain the same in full force and effect during the period in which the Subcontractor performs work on District Facilities. The procuring of such policies of insurance shall not be construed as a limitation of the Subcontractor's liability; the Subcontractor's liability being, notwithstanding said policy of insurance, for the full and total amount of any damage, injury, or loss caused by or incident to the Subcontractor's operations under the applicable contract.

E. The obligations created by this Section shall survive the termination of this Agreement for actions occurring while the Agreement was in effect.

Section 11. Indemnification.

A. Pursuant to Government Code Section 895.4, the District agrees to indemnify, defend and hold harmless the City, the City Council and each member thereof, and every officer, employee and agent of the City, from all claims, suits or actions of every name, kind and description, including attorney fees and costs, brought for or on account of injury (as defined in Government Code Section 810.8) arising from the acts or omissions of the District in connection with its obligations and performance under this Agreement.

B. Pursuant to Government Code Section 895.4, the City agrees to indemnify, defend and hold harmless the District, the Board and each member thereof, and every officer, employee and agent of the Board, from all claims, suits or actions of every name, kind and description, including attorney fees and costs, brought for or on account of injury (as defined in Government Code Section 810.8) arising from the acts or omissions of the City in connection with its obligations and performance under this Agreement.

C. This Section shall survive the expiration or earlier termination of this Agreement.

Section 12. City and District's Right to Terminate.

A. The District shall have the right, upon giving the City twelve (12) months' advance written notice, to terminate this Agreement with respect to all or a portion of each of the District Facilities.

B. The City shall have the right, upon giving the District twelve (12) months' advance written notice, to terminate this Agreement with respect to all or a portion of each of the District Facilities.

Section 13. Surrender.

Section 14. Assignment.

A. Except as otherwise provided for herein, the City may permit only City Sanctioned events at District Facilities, and may not otherwise assign all or any portion of its rights hereunder or delegate any of its duties hereunder, without the prior written consent of the District, not to be unreasonably withheld. Any purported assignment or delegation in violation of this Section is void ab initio.

B. Notwithstanding Section 14.A, the City may permit or license third parties to use District Facilities, without further approval by the District provided that such use complies with the terms of this Agreement.

C. The City covenants and agrees that no assignment or transfer of its right to use District Facilities as created herein shall relieve the City of any of its covenants or obligations accruing after such assignment or transfer, but the City shall remain obligated under this Agreement for the duration of the Term hereof, unless the District provides the City with a written release of the City's obligations under this Agreement. In all events, the obligations of the City to indemnify, defend and hold harmless the District in accordance with Section 11 will survive the termination of this Agreement.

Section 15. Force Majeure. Any prevention, delay or stoppage due to strikes, lockouts, labor disputes, acts of God, inability to obtain labor or materials or reasonable substitutes therefor, governmental restriction, governmental regulations, governmental controls, enemy or hostile governmental action, civil commotion, fire or other casualty, or other occurrences beyond the reasonable control of the party obligated to perform any term, covenant or condition of this Agreement, shall excuse the performance by such party, for a period equal to any such prevention, delay or stoppage, provided that the obligated party could not have avoided such delay through the exercise of due diligence, and provided further that the obligated party

notifies the other party within a reasonable time after the obligated party becomes aware that such occurrence will or is likely to result in such prevention, delay, or stoppage.

Section 16. Dispute Resolution.

A. In the event of any dispute or claim between the parties arising out of this Agreement, or the breach or interpretation thereof, the parties shall attempt to resolve such dispute or claim, in the following order:

1. Good faith negotiation
2. Mediation
3. Binding Arbitration.

B. Mediation. If good faith negotiation does not resolve the dispute or claim, the parties shall try in good faith to settle the dispute through mediation administered by the Judicial Arbitration and Mediation Service (“JAMS”) located in Los Angeles County, California, prior to either party initiating against the other a demand for binding arbitration pursuant to the provisions and procedures set forth in Section C below.

1. Request for Mediation and Selection of Mediator.

The party requesting mediation shall deliver a written request to mediate the dispute to the other party to this Agreement and to JAMS. The request shall include a brief statement of the party’s claim, the amount thereof, and the name of the proposed retired judge from JAMS to mediate the dispute. Within ten (10) days after the request for mediation, the other party against whom the request is made shall deliver a written response to the demanding party and to JAMS. The response shall include a short and plain statement of the party’s defenses to the claim and shall also state whether the party agrees to the mediator chosen by the requesting party. In the event the parties cannot agree upon a mediator within thirty (30) days after the request for mediation, JAMS shall select and name a mediator to conduct the mediation.

2. Venue.

The place of the mediation shall be in Los Angeles County, California.

3. Time Limitations.

If the dispute is not resolved within sixty (60) days after the initiation of mediation, either party may demand binding arbitration in accordance with the procedures and provisions of Section C below.

C. Binding Arbitration.

In the event a dispute under this Agreement is not resolved within sixty (60) days after the initiation of mediation, either party thereafter seeking binding arbitration shall deliver a written notice of demand of arbitration to the other party and to JAMS. The demand shall

include a brief statement of the party's claim, the amount thereof, and the name of the proposed retired judge from JAMS to decide the dispute. The party demanding arbitration may request that the JAMS mediator serve as the arbitrator. Within ten (10) days after receipt of the demand, the other party against whom a demand is made shall deliver a written response to the demanding party and JAMS. The response shall include a short and plain statement of the party's defenses to the claim and shall also state whether the party agrees to the arbitrator chosen by the demanding party. In the event the parties cannot agree upon an arbitrator within thirty (30) days after the receipt of the demand, JAMS shall select and name an arbitrator to conduct the hearings.

1. Venue.

The place of the arbitration shall be in Los Angeles County, California.

2. Discovery.

Consistent with the expedited nature of arbitration, each party will, upon the written request of the other party, promptly provide the other with copies of documents relevant to the issues raised by any claim or counterclaim on which the producing party may rely in support of or in opposition to any claim or defense. Any dispute regarding discovery, or the relevance or scope thereof, shall be determined by the arbitrator, whose determination shall be conclusive. All discovery shall be completed within forty-five (45) days following the appointment of the arbitrator.

3. Powers of the Arbitrator.

The arbitrator's powers shall be limited as follows: The arbitrator shall follow the substantive laws of the State of California, including rules of evidence, and the terms of this Agreement. The arbitrator's decision shall be supported by substantial evidence. The arbitrator shall have no power, authority or jurisdiction to award any punitive or exemplary damages, but may award attorneys' fees to the prevailing party.

4. Third Parties.

In the event any person or entity which is not a party to this Agreement is necessary for the complete and final resolution of any matter in controversy under this Agreement, such third party may be joined as a party. If such third party refuses to consent to be included in the arbitration between the parties to this Agreement by consolidation, joinder or any other manner, then the parties to this Agreement shall not be compelled to arbitrate such dispute.

5. Timing of Award.

The award shall be made within six (6) months of the filing of the notice of intention to arbitrate (demand) and no later than thirty (30) days after the closing of the arbitration hearing. The arbitrator shall agree to comply with this schedule before accepting appointment. However, this time limit may be shortened or extended by agreement of the parties or by the arbitrator, if necessary.

6. Judgment upon Award.

Upon the request of either party, judgment upon the award rendered by the arbitrator may be entered by any court having jurisdiction.

Section 17. Source of Funds. Expenditures by the City under this Agreement shall be appropriated from monies in the City's General Fund, provided that no funds shall be expended which are derived from property taxes. Further, no funds expended under this Agreement shall be derived from assessments based on the value of property within the City or from any monies appropriated by the State of California.

Section 18. Loss of Use of District Facilities. If any of the District Facilities shall be so damaged by fire, casualty or other cause or happening as to be rendered unusable, or if any authority having jurisdiction shall order the demolition or removal of any District Facilities, then as to those facilities, this Agreement shall cease and become null and void. The District shall have no obligation to restore said facilities or put them in proper condition for use and occupancy. The City and the District, however, agree that if said facilities are not restored or placed in proper condition for use and occupancy, that the annual payment provided herein may be reduced by a sum that quantifies the loss of such use as reasonably determined by the City after consultation with the District.

Section 19. Co-Administrators. The City Manager, or the City Manager's designee, and the District's Superintendent or the Superintendent's designee, are hereby designated as the co-administrators of this Agreement subject to the rights and obligations set forth herein and subject to the direction of their respective governing agencies.

Section 20. Loss of Funding. If this Agreement is terminated for any reason prior to the expiration of its Term, the payments specified herein for that remaining portion of the Agreement, calculated to the nearest calendar month, shall also be cancelled. Any portion of said payments already paid by the City to the District, for any period during which this Agreement is no longer in effect, shall be calculated to the nearest calendar month and shall be reimbursed to the City by the District.

Section 21. Reimbursement of Funds. In the event a court of competent jurisdiction holds that any money paid to the District under this Agreement has been expended by the City without proper authority and the court holds either that the money must be refunded to the City by the District and/or individual members of the City Council are personally liable to the City for any such expenditures, the District shall reimburse the City and/or individual members of the City Council for any such payments up to the amount specified in the judgment, but not to exceed the total payments already made by the City under this Agreement. Such reimbursement shall be limited to payments made in the most recent three years of the term of this Agreement unless a court has determined that city officials may be liable for repayment for a period in excess of three years. This Section shall survive the expiration or earlier termination of this Agreement.
