I would be thrilled to have my art featured by The Creamery (Location 22). I think it would look incredible against The Creamery's pink wall, with the view stretching down toward the ocean. This spot is such an iconic Manhattan Beach corner, where surfers often carry their boards down the street, capturing the spirit of our community.

If selected for this location, I plan to expand the design by adding more boards to create a cohesive look across a second box. This same design can also be cropped differently to fit both boxes since they are touching. Thank you for considering my artwork!
