*For years prior to 2025, Acutely Low-Income units are reported within the Extremely Low-Income category

*For jurisdictions that received RHNA determinations for the current cycle prior to the passage of AB 3093 (September 19, 2024):

- You were not allocated Acutely Low-Income and Extremely Low-Income RHNA targets, therefore the allocations in Field 1 are listed as "0"
- If you wish to set your own targets in these income categories for informational purposes, contact HCD staff at apr@hcd.ca.gov.
- All Acutely Low-Income and Extremely Low-Income units reported during the cycle are counted towards Very-Low Income RHNA progress

*For years prior to 2025, data on deed-restricted vs. non-deed restricted Extremely Low-Income units is approximated from whether the projects reported any deed-restricted Very Low-Income Units. If you wish to edit this historical data for accuracy or have any questions about the data, you may login to HCD's online APR system, or contact HCD staff at apr@hcd.ca.gov.

Please Note: Table B does not currently contain data from Table F or Table F2 for prior years. You may login to the APR system to see Table B that contains this data.

Please note: The APR form can only display data for one planning period. To view progress for a different planning period, you may login to HCD's online APR system, or contact HCD staff at apr@hcd.ca.gov.

Accessory Dwelling Units	• Coordinate with the California Coastal Commission for the current ADU Ordinance's associated LCP Amendments. Following final certification of LCP amendments, submit the ADU Ordinance to HCD for review. • Amend the ADU Ordinance if needed to conform to future amendments to State law and submit to HCD. Process LCP Amendments as required. • Incentivize affordable ADUs: Develop public engagement and informational tools to streamline the approval process and market ADU/JADU construction, including ADUs affordable to lower- and moderate-income households, to achieve an annual average goal of 10 building permits issued for ADUs. These tools may include information packets on the entitlement process, a dedicated web page including a step-by-step guide of the entitlement process, preparation of Frequently Asked Questions (FAQs) for distribution at the planning counter or community meetings, and other engagement tools. • Based on the results of the planning cycle mid-point review of ADU trends, including affordability, to be completed as part of Program 19, No Net Loss, review and develop additional incentives to encourage ADU/JADU development if needed. Additional incentives may include outreach to property owners, technical assistance, and financial assistance. • Issue building permits for an average of 10 ADUs annually.	• Submit ADU Ordinance and future amendments to HCD for review within 60 days of final certification of associated ADU amendments to the LCP by the California Coastal Commission. • Annual monitoring of ADU programs. • Develop public engagement and informational tools for ADU/JADUs incentive program by January 2024. • Based on the planning cycle mid-point review to be completed by November 2025 as part of Program 19, No Net Loss, adopt additional incentives to encourage ADU/JADU development by June 2026. • Ongoing tracking of ADU permits issued throughout the planning period and reported annually.	6th Cycle	In Progress	Zone text amendments were adopted in April 2025 and an informational handout has been posted online in May 2025. HCD provided a flyover review of the adopted ordinance with comments on further modifications in July 2025. The City is currently in the process of further updating the ADU ordinance accordingly with a study session conducted in February 2026. In addition, the City continues to monitor ADU/JADU developments.
