Each Contractor shall base his bid on furnishing and installing all items exactly as shown on the contract drawings and as described in the contract specifications. No contract shall be considered binding upon the City until the full execution of the contract.

Substitute the following for the third paragraph:

As a part of the execution of this contract, the Contractor shall furnish to the City a bond of a surety company acceptable to the City, in a sum of one hundred percent (100%) of the total contract amount, as the sum set forth in the agreement for payment in full of all persons, companies, or corporations who perform labor upon or furnish material to be used in the work under this contract. Said bond shall be in the form of the Labor and Material Bond contained within these Specifications.

Substitute the following for the fourth paragraph:

As a part of the execution of this contract, the Contractor shall furnish to the City a bond payable to the City in the form of a Faithful Performance Bond as set forth in these Specifications. The performance bond shall be secured by a surety company acceptable to the City, conditioned upon the faithful performance of all covenants and stipulations under this contract. Add the following paragraph to this section:

Change orders, supplemental agreements, and approved revisions to Plans and Specifications shall take precedence over documents listed above, except those listed as First, Second, and Third. Detailed plans shall have precedence over general plans. Reference Specifications or sections thereof, when cited in the Special Provisions, shall, by that reference, become a portion of the Special Provisions and be ranked in precedence of documents accordingly.

2-6 Work To Be Done

The following paragraphs shall be added following paragraph one:

All work which is defective in its construction or deficient in any of the requirements of the Plans and Specifications shall be remedied or removed and replaced by the Contractor in an acceptable manner at his own expense. No compensation will be allowed for any work done beyond the lines and grades shown on the Plans or established by the Engineer. Upon failure on the part of the Contractor to comply with any order of the Engineer made under the provisions of this article, the Engineer and City may cause the defective work to be remedied or removed and replaced at the expense of the Contractor.

Any unauthorized or defective work, defective material or workmanship or any unfaithful or imperfect work that may be discovered before final acceptance of work by the board shall be corrected immediately with no extra charge even though it may have been overlooked in previous inspections and estimates or may have been caused due to failure to inspect the work.

No partial payment, inspection, taking possession of, or other act made or done by the Engineer or the City with respect to the work prior to final completion and acceptance thereof shall affect or prejudice the right of the Engineer or the City to reject any defective work or material or to require the complete fulfillment of all the provisions of the contract.

If the Engineer deems it expedient and not in the best interest of the City to correct work injured or done not in accordance with the contract, the defective work may be accepted subject to an equitable deduction from the contract price which may be made therefor by the City upon certification from the Engineer.

Reexamination of any work may be ordered by the Engineer at any time prior to final acceptance and, if so ordered, the work must be uncovered by the Contractor. If such work be found in accordance with the contract, the City will pay the cost of reexamination and replacement. The cost of the City personnel shall be computed pursuant to adopted City salary schedules, overtime policies, fringe benefits, and overhead costs.

6-3.1 General

Add the following paragraph following paragraph one:

In the event a suspension of work is ordered because of failure on the part of the Contractor to carry out orders given or to perform any provisions of the work, such suspension of work shall not relieve the Contractor of his responsibility to complete the work within the time limit set forth herein and shall not be considered cause for extension of the time for completion, and further, such suspension of work shall not entitle the Contractor to any additional compensation.

Add at the end of Section 6-7.2

6-7.1 Generally the time of completion shall be as noted on the Contractor's Proposal.

6-7.2.1 Hours of Work

CONTRACTOR'S insurance shall comply with all items specified by this Agreement. Any subcontractors shall be subject to all of the requirements of this Section 7 and CONTRACTOR shall be responsible to obtain evidence of insurance from each subcontractor and provide it to CITY before the subcontractor commences work.

All insurance policies used to satisfy the requirements imposed hereunder shall be issued by insurers authorized to do business in the State of California. Insurers shall have a current A.M. Best's rating of not less than A-:VII unless otherwise approved by CITY.

Coverages, Limits and Policy Requirements. CONTRACTOR shall maintain the types of coverages and limits indicated below:

The limit for all coverages under this policy shall be no less than one million dollars (\$1,000,000.00) per occurrence. CITY, its employees, officials and agents, shall be added as additional insureds by endorsement to the policy. The insurer shall agree to provide the City with thirty (30) days prior written notice of any cancellation, non-renewal or material change in coverage. The policy shall contain no provision that would make this policy excess over, contributory with, or invalidated by the existence of any insurance, self-insurance or other risk financing program maintained by CITY. In the event the policy contains such an "other insurance" clause, the policy shall be modified by endorsement to show that it is primary for any claim arising out of the work performed under this Agreement. The City of Manhattan Beach Insurance Endorsement Form No. 1 (General Liability) must be executed by the applicable insurance underwriters.

In the event the policy contains such an "other insurance" clause, the policy shall be modified by endorsement to show that it is primary for any claim arising out of the work performed under this Agreement. The City of Manhattan Beach Insurance Endorsement Form No. 2 (Auto) must be executed by the applicable insurance underwriters.

(3) WORKERS' COMPENSATION INSURANCE - a policy which meets all statutory benefit requirements of the Labor Code, or other applicable law, of the State of California. The policy shall contain, or be endorsed to include, a waiver of subrogation in favor of CITY.

Additional Requirements. The procuring of such required policies of insurance shall not be construed to limit CONTRACTOR'S liability hereunder, nor to fulfill the indemnification provisions and requirements of this Agreement. There shall be no recourse against CITY for payment of premiums or other amounts with respect thereto. Any deductibles or self-insured retentions must be declared to and approved by CITY. Any deductible exceeding an amount acceptable to CITY shall be subject to the following changes:

The Contractor shall rebuild, repair, restore, and make good all injuries or damages to any portion of the work occasioned by any of the above causes before final acceptance and shall bear the expense thereof.

7-3.2

The Contractor shall indemnify and save harmless the City of Manhattan Beach, the City Council, inspection personnel, and the Engineer from any suits, claims, or actions brought by any person or persons for or on account of any injuries or damages sustained or arising in the construction of the work or in consequence thereof. The City Council may retain so much of the money due the Contractor as shall be considered necessary, until disposition has been made of such

7-3.3 Responsibilities for Damage

The City of Manhattan Beach, the City Council, inspection personnel, and the Engineer shall not be answerable or accountable in any manner for any loss or damage that may happen to the work or any part thereof; or for any material or equipment used in performing the work; or for injury or damage to any person or persons, either workmen or the public; for damage to adjoining property for any cause whatsoever.

9-3.1 General

Add at the end of this Subsection:

Whenever the Contractor is required to perform work or furnish equipment, labor, tools, and materials of any class for which no price is fixed in the proposal, it shall be understood that such work, equipment, labor, tools, and material shall be provided without extra charge, allowance, or direct payment of any kind. The cost of performing such work or furnishing such equipment, labor, tools, and materials shall be included in the unit bid prices in the proposal most closely related to the work and no additional compensation will be made therefor.

If any portion of the work done or materials furnished under the contract shall prove defective or not in accordance with the Specifications and contract drawings, and if the imperfection in the same shall not be of sufficient magnitude or importance to make the work dangerous or undesirable, the Engineer shall have the right and authority to retain the work instead of requiring it to be removed and reconstructed, but he shall make such deductions therefor in the payment due the Contractor as may be just and reasonable.

9-3.2 Partial & Final Payment

Delete and replaced with the following:

In accordance with these Specifications, the monthly payment date is hereby set as the second Wednesday following the first Tuesday of each month. If the above date falls on a holiday, the payment date shall be the first subsequent working day.

The Contractor shall prepare and submit the form attached herewith (See Page 25) or his own form, in an identical format, to the Engineer for all requests for progress payments for the work performed in accordance with the provisions of the contract during the preceding month. The progress payment request shall be submitted no later than thirteen (13) working days prior to the monthly payment dates established above. Late submittals shall be held for consideration by the City Council at the next regularly scheduled meeting.

The City will make partial payment to the Contractor for the work performed; said partial payment will be made in accordance with the certified estimate approved by the Engineer as set forth herein. The City will retain 5% of the amount of each such estimate until 35 days after the date on which the project is accepted as complete and until all obligations of the Contractor pursuant to the contract have been discharged.

The City may withhold payments to the Contractor including, but not limited to, retained percentage, liquidated damages, defective work not remedied, reasonable doubt that this contract can be completed for the balance then unpaid, excess cost of City personnel and inspection personnel, and other valid claims against the Contractor.

Acceptance by the Contractor of said payment made in accordance with said final estimate shall be a release to the City, its officers, agents, and employees excepting only claims against the City for any amount withheld by it at the time of such payment.

Section 10 - Special Project Site Maintenance and Public Convenience and Safety

Section 10 is hereby added to the Standard Specifications as follows:

Pursuant to the provisions of Section 7-8 and Section 7-10 of the Standard Specifications and these Special Provisions, the

Contractor is responsible for project site maintenance and for public convenience and safety. Payment for compliance with these provisions is considered as included in the prices bid for other contract items.

The City, however, to maintain good public relations, may deem it necessary to require special project site maintenance and public convenience and safety actions and work to be performed by the Contractor that are over and above those required by the provisions of Section 7-8 and Section 7-10 of the Standard Specifications and these Special Provisions.

These actions and work shall be as directed by the Engineer in writing and payment for compliance therewith shall be on a cost plus basis for extra work per Section 3-3 of the Standard Specifications and applied against the not-to-exceed bid item for "Special Project Site Maintenance and Public Convenience and Safety."

All non-storm water discharges to the MS4 are prohibited unless specifically exempted by the Municipal Stormwater Permit. Liability for any such discharge shall be the responsibility of the contractor whose personnel caused or were responsible for the discharge.

PART 2
Technical Specifications

Provide and Install Hardware and Software to Upgrade Novar HVAC Controls

The intent of this project is to extend the life and reliability of the existing controls system hardware until the planned renovation of City Hall in the near future. Upgrading to the Trend TL1 Web based control system allows remote monitoring and control of the City Hall system, including a modern graphical control interface.

This specification describes the purchase, installation, data import, graphic development, and necessary programming to adapt a Trend TL1 to The Manhattan Beach City Hall Novar system located at 1400 Highland Avenue, Manhattan Beach, CA.

I. Scope of Work

1. Upgrade the existing Novar system by replacing the main controller with a Trend TL1.
2. Provide and install all necessary cabling and electrical enclosures for a complete turn-key system.
3. Recreate all existing programming in the TL1, including any Novar Custom Language, temperature settings, schedules, and unit functions. There are currently 48 VAV-VVT zone boxes and 4 IOM/2's. The IOM/2's are controlling air handlers, the boiler, the chiller, pumps and mixing valves.

4. Create all graphics needed to control the existing HVAC equipment.
5. Import existing floor plan to develop graphics. Space temperatures shall be represented on the floor plan graphics
6. Set up user profiles and provide individual passwords with the level of access City specifies to individuals authorized to access to the system.
7. Test existing Novar modules to ensure all are functional.

3. The City of Manhattan Beach shall provide floor plans for import and graphical interface development, weekly and holiday schedules, and submit a list of authorized users.
4. All system programming will be completed by Contractor. Includes input of schedules, any custom programming required, regardless of protocol or language, to ensure a fully functional and turnkey solution

5. All existing modules and communication lines shall be tested. Contractor shall provide City a list of required repairs or replacements, if any. City may, at its discretion, separately negotiate repairs with Contractor or outside vendor

B. Installation Phase

1. All necessary wiring, hardware, and enclosure(s) will be purchased and installed
2. The main controller shall be replaced by the TL1.
3. The system will be tested to ensure proper control of the site.

C. Post Installation

1. Training shall be conducted for system operators following the installation.
2. Contractor to provide ongoing technical support for staff as needed.

III. Time Frame

The entire project shall be completed within 30 days of City's delivered Notice to Proceed. The installation will be scheduled to minimize disruption of City services, and may include evenings, holidays, and/or weekends. No additional compensation shall be provided for such accommodation.

IV. Warranties:

Warranties for parts and service will begin upon final acceptance of project.

All equipment installed during this project will require a one year factory warranty. The Trend TL1 will require a two-year factory warranty.

V. Support:

Contractor shall provide ongoing technical support without charge for one year from date of final acceptance. Support shall be provided via email, telephone, or virtual meeting, dependent upon City needs. Support shall include troubleshooting and performing minor program changes via remote connection to the City's system.
