Photos of Aluminum Railing Samples

Figure 1: Existing Pier Railing (Craneveyor sample left; Linetec sample right)

Figure 2: Railing Color Samples

The recommended vendors to be listed in the project specifications as preferred manufacturers include 1) CraneVeyor Corp, and 2) Linetec. ACE did not produce a close color match and, therefore, will not be listed as a preferred manufacturer, but can be considered an approved equal if they or other vendors can produce a close color match at time of contract award.
