

TO THE HONORABLE COUNCIL AND CITY MANAGER  
FROM : WILLIAM VICTOR

August 13, 2013 Tuesday early morning.

Please read the attached four pages double spaced to understand what is a terrific improvement over the proposed protocol which does nothing for the citizens and only further protects the City at the expense of its tax payers and citizens since it adds nothing that I am aware of to the existing statute and is prepared in less than good faith for MB Citizens. Thank you for considering the highlights of the Alameda Ordinance which I sent and/or handed to you well prior to the July 16 Council Meeting when this was last on the agenda.

Please ask any questions. If you misplaced the Draft I prepared for MB use, I will be pleased to supply another copy.

Bill Victor
