Chair Ungoco opened the public hearing.

Assistant Planner Austin Chavira presented a summary of the application, noting that staff is recommending a revision to condition 21 in the draft resolution.

The following persons addressed the Commission:

Mike Simms, applicant/business owner, described trash enclosure issues, stated it is his intent to bring the bin enclosure into full compliance with this project and this will involve working with some neighboring businesses that have in the past shared the Arthur J trash area. He has not had previous communications with the authors of three letters which expressed concerns regarding sanitation.

Jim Burton, downtown resident, stated concern regarding impacts of dining decks in the right-of-way.

Chair Ungoco closed the public hearing and invited Commission discussion.

Staff provided clarifications regarding dining decks in the public right-of-way, building façade exterior treatments on Manhattan Avenue, and applicable parking regulations.

H. INFORMATIONAL ITEM

08/10/22-3 One-Year Review of a Use Permit Amendment approving a Major Remodel of an Existing Restaurant with Full Liquor Service and Live Entertainment at 309 Manhattan Beach Boulevard (Esperanza/Newman)

Associate Planner Ted Faturos presented a report informing the Commission of the status of the subject use permit amendment's one-year compliance review. While some operational issues have been corrected, staff will continue to work with the business, to obtain full compliance regarding an un-permitted conversion of a closet area to a toilet room on the second-floor.

Staff clarified that should the applicant wish to extend commercial use to the second floor, an amendment to the use permit would be required and additional parking would need to be demonstrated.

The Commission discussed the item and then received and filed the report.

I. GENERAL BUSINESS

08/10/22-4 Selection of a Representative and Alternate for the Outdoor Dining and Business Use Task Force.

Director Tai provided a background, noting that seat #1 of the subject task force recently formed by City Council is designated for a member of the Planning Commission with one "alternate" Commissioner serving as backup. Chair Ungoco and Commissioner Morton expressed interest in serving.

In discussing, the question of succession and continuity arose. It was determined that Commissioner Ungoco's first term and Commissioner Morton's second term will expire in May, 2023 but Chair

Ungoco will be eligible for reappointment to a second term. Commissioner Sistos' first term will expire in May, 2024; she expressed interest in serving as a backup alternate, if necessary.

Consensus was reached that the Planning Commission participate on the subject task force as follows:

Main representative: Chair Ungoco, serving beyond May, 2023 subject to reappointment for a second term.

Alternate 1: Commissioner Morton, serving until May, 2023, at expiration of his second term.

Alternate 2: Commissioner Sistos, to replace Commissioner Morton when he terms out.

At large resident: to promote continuity, Commissioner Morton is interested, subject to availability and approval by the City Council, in serving as at-large resident, upon vacating position of alternate for seat #1.

J. DIRECTOR'S ITEMS

Director Tai briefed the Commission on three projects: the Highrose multi-family/density bonus project (401 Rosecrans/3770 Highland); the Housing Element Update; and the outdoor dining program.

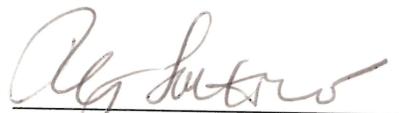

K. PLANNING COMMISSION ITEMS

In response a question from Commissioner Dillavou, Director Tai provided update on the (former) Fry's site, stating that a formal application has not been submitted, and the adjacent Sepulveda bridge widening project is nearing completion.

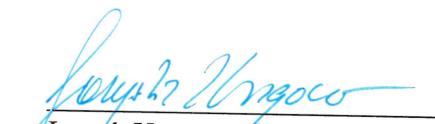

L. TENTATIVE AGENDA – August 24, 2022 – no items currently scheduled and will tentatively be cancelled.

M. ADJOURNMENT

At 4:24 p.m. it was moved and seconded (Morton/Dillavou) that the meeting be adjourned to Wednesday, August 24, 2022 at 3:00 p.m. via a hybrid meeting format (at Manhattan Beach City Hall, 1400 Highland Avenue and via Zoom).
