B. Complaint Procedures

Availability: The Title VI Complaint form and complaint procedures are available at our administrative offices and on our website.

Procedures: As a sub-recipient of federal dollars, the City of Manhattan Beach is required to comply with Title VI of the Civil Rights Act of 1964 and ensure that services and benefits are provided on a non-discriminatory basis. City of Manhattan Beach has in place a Title VI Complaint Procedure and Title II Americans with Disabilities Act (ADA) Complaint Procedure, which outlines a process for local disposition of Title II and Title VI complaints and is consistent with guidelines found in the Federal Transit Administration Circular 4702.1B, dated October 1, 2012.

Any person who believes she or he has been discriminated against on the basis of race, color, or national origin by the City of Manhattan Beach may file a Title VI complaint by completing and submitting the agency's Title VI Complaint Form. City of Manhattan Beach investigates complaints received no more than 180 days after the alleged incident. The City of Manhattan Beach will only process complaints that are complete.

Within 10 business days of receiving the complaint, City of Manhattan Beach will review it to determine if our office has jurisdiction. The complainant will receive an acknowledgement letter informing her/him whether the complaint will be investigated by our office. City of Manhattan Beach has 30 days to investigate the complaint. The complainant will be notified in writing of the cause to any planned extension to the 30-day rule.

If more information is needed to resolve the case, City of Manhattan Beach may contact the complainant. The complainant has 10 business days from the date of the letter to send requested information to the investigator assigned to the case. If the investigator is not contacted by the complainant or does not receive the additional information within 10 business days City of Manhattan Beach can administratively close the case.

A case can be administratively closed also if the complainant no longer wishes to pursue their case. After the investigator reviews the complaint, she/he will issue one of two letters to the complainant: a closure letter or a letter of finding (LOF). A closure letter summarizes the

allegations and states that there was not a Title VI violation and that the case will be closed. A LOF summarizes the allegations and the interviews regarding the alleged incident, and explains whether any disciplinary action, additional training of the staff member, or other action will occur. If the complainant wishes to appeal the decision, she/he has 10 business days after the date of the letter or the LOF to do so.

A person may also file a complaint directly with the Federal Transit Administration, at **FTA Office of Civil Rights, 1200 New Jersey Avenue SE, Washington, DC 20590. Request a Title VI Complaint Form.**

Additionally, per the FHWA Guidance Memorandum, Processing of Title VI Complaints, dated June 13, 2018, all Title VI complaints received by a sub-recipient are to be forwarded to Caltrans to be submitted to FHWA Division Office. Complaints will be sent within one business day of receipt via email to Title.VI@dot.ca.gov. If Headquarters Office of Civil Rights (HCR) determines a Title VI complaint against a sub-recipient can be investigated by Caltrans, HCR may delegate the task of investigating the complaint to Caltrans. If that determination is made then the Title VI Complaint will be completed via Caltrans Title VI Process (see weblink below for additional information)

D. Public Participation Plan

Key Principles

- The City of Manhattan Beach ADA and Dial-A-Ride programs provide Customer Satisfaction Surveys regularly to all registered riders and concerned residents to obtain feedback on the service provided. Dial-A-Ride sends out surveys in the mail once every two years to all registered riders to obtain feedback on the service provided. A stamped, addressed envelope is provided for Dial-A-Ride customers to return the survey anonymously. Additionally, stamped suggestion cards are available on the Dial-A-Ride buses if someone wants to mail in feedback about their ride or overall Dial-A-Ride service. The desired outcome of providing a survey is to evaluate the current service, determine where improvements can be made and offer customers the opportunity to provide any feedback regarding the Dial-A-Ride and accessibility programs.

Public Participation Process

- Information on the Dial-A-Ride program is available to the general public at the Joslyn Community Center, 1601 Valley Drive, Manhattan Beach, CA 90266. The results of the biennial customer satisfaction survey are also on display at the Joslyn Community Center and on the City website for public viewing.
- Information on the ADA program is available on the City of Manhattan Beach website.
- The public will be engaged and City Council approval will be required when the following service changes occur:
 - an increase or decrease in fares is being considered
 - a cut or increase service is being considered
 - or, a change to the approved service area is considered
- City Council agendas are posted 72 hours in advance of meetings. Manhattan Beach, a General Law City, has a five-member City Council, elected at large to formulate policy for the city. Each member serves a nine (9) month mayoral position during their four (4) year term.

- City Council meetings are held on the first and third Tuesday of every month at 6:00 PM in Council Chambers located in City Hall at 1400 Highland Avenue. Public participation and input is encouraged. Meetings may be rescheduled to an alternate date or cancelled by City Council minute action. Please check the City Calendar to note any changes or contact the City Clerk's office at (310) 802-5056.
- In Manhattan Beach, persons with Limited English Proficiency (LEP) constitute less than 5% of the total population, therefore specific outreach to the LEP population does not exist. The City of Manhattan Beach works closely with Beach Cities Health District, preventive health agency, to ensure that residents who are low-income and/ or disabled have knowledge of the City of Manhattan Beach Dial-A- Ride program. The City also partners with organizations in the community that serve persons with developmental disabilities including the CHOICE program of Manhattan Beach Unified School District and EVOLVE program.

Public Meetings

A public City Council meeting will be held when the following service changes occur:

- an increase or decrease in fares is being considered for City's Dial-A-Ride program
- a cut or increase service is being considered for City's Dial-A-Ride program
- or, a change to the approved service area is considered for City's Dial-A-Ride Program

Dial-A-Ride will remain open to transport citizens to City Council Meetings as requested, even though the meetings are held after traditional service hours.

The City of Manhattan Beach posts information about City Council meetings on the City's website. Additionally, City Council notices are posted:

- City Hall, 1400 Highland Avenue
- Joslyn Center 1601 N. Valley Drive
- Manhattan Heights Community Center 1600 Manhattan Beach Blvd.

Addressing Comments

As a small Dial-A-Ride program, public comments and complaints are addressed individually by the Dial-A-Ride Program Supervisor. Comments or complaints that would lead to a service change are also addressed by the Parks and Recreation Director, and brought to the Senior Advisory Committee for consideration.

Identification of Stakeholders

Our Community Partners: Beach Cities Health District and Alzheimer's Association.

- The City of Manhattan Beach contracts with Beach Cities Health District for Care Management services. BCHD is onsite weekly and able to assist if there are LEP issues.

- Alzheimer’s Association specializes in assisting people with memory issues. Alzheimer’s Association provides monthly programs at the City of Manhattan Beach Joslyn Center and would be available as needed on an on-call basis.

E. Limited English Proficiency (LEP) Plan

Purpose of the Language Assistance Plan

Title VI of the Civil Rights Act of 1964 prohibits discrimination on the basis of race, color, and national origin in programs and activities receiving federal financial assistance. One critical concern addressed by Title VI is the language barrier that Limited English Proficiency (LEP) persons face with respect to accessing information about and using transit service. Transit operators must ensure that this group has adequate access to the agency’s programs and activities, including public participation opportunities.

Executive Order 13166, titled “Improving Access to Services for Persons with Limited English Proficiency,” forbids funding recipients from “restricting an individual in any way in the enjoyment of any advantage or privilege enjoyed by others receiving any service, financial aid, or other benefit under the program,” or from “utilize[ing] criteria or methods of administration which have the effect of subjecting individuals to discrimination because of their race, color, or national origin, or have the effect of defeating or substantially impairing accomplishment of the objectives of the program as respects to individuals of a particular race, color, or national origin.”

FTA Circular 4702.1B was developed by the Federal Transit Administration (FTA) and details the administrative and reporting requirements for recipients of FTA financial assistance to comply with Title VI and related executive orders including on LEP.

The United States Department of Transportation (DOT) published guidance that directed its recipients to ensure meaningful access to the benefits, services, information, and other important portions of their programs and activities for LEP customers. The City of Manhattan Beach language assistance plan (LAP) includes two sections. The first section consists of a four factor analysis and implementation plan that complies with the requirements of DOT LEP guidance. The second section of this document discusses the results of the Four-Factor Analysis and the implementation of the Language Assistance Plan.

Improving Access for People with Limited English Proficiency:

In order to ensure meaningful access to programs and activities, the City of Manhattan Beach uses the information obtained in a Four Factor Analysis to determine the specific language services that are appropriate. This analysis helps the City of Manhattan Beach to determine if it communicates effectively with LEP persons and informs language access planning.

Factor 1 - Number of LEP Persons in Service Region:

No LEP communities exist in the City of Manhattan Beach. Demographic data was acquired from the 2020 Census. Persons with Limited English Proficiency (LEP) constitute less than 5% or 1,000 of the total population, therefore vital documents are not translated into the primary language of the small percentage of residents.

Factor 2 - Frequency of LEP Use

Since there are no LEP communities in the City of Manhattan Beach, Dial-A-Ride intermediately survey staff to determine if there were any riders who currently have limited English proficiency. At this update no persons required language assistance.

Factor 3: The Importance of Your Program to People's Lives

Dial-A-Ride is an affordable, important program in the community for seniors 55 and over and persons with disabilities via an appointment basis only. The service allows transportation anywhere within the City of Manhattan Beach seven days a week and trips to approved medical facilities in Torrance, Redondo Beach and Hermosa Beach.

Factor 4: Internal resources for outreach for disadvantaged populations/LEP

Since there are no LEP communities in the City of Manhattan Beach, there are no costs associated with providing language assistance. The City of Manhattan Beach has bilingual staff (who speak Spanish) who may assist customers as needed. These employees receive Bilingual Pay to perform translation duties on a regular basis.

Language Assistance Plan

In Manhattan Beach, California, there is no LEP language group that constitutes 5% or 1,000 of the total population, therefore vital documents are not translated into the primary language of the small percentage of residents.

F. Racial Breakdown of Transit Related Non-Elected Councils

The City does not provide fixed route transit; only point to point via Dial-A-Ride program. The City of Manhattan Beach, a General Law City, has a five-member City Council, elected at large to formulate policy for the city. Each member serves a nine (9) month mayoral position during their four (4) year term.

As all of the individuals are elected into office, a racial breakdown of these advisory councils is not required.

G.Sub-recipient Monitoring

The City of Manhattan Beach is a direct recipient of federal funds and **does not have any sub-recipients**.
