HOW TO GET INVOLVED

There are many ways to be involved in helping your city, and all cities through the League. Contact your division or department officers, regional representative, League board members and staff, or one of your own city officials who is involved with the League to learn what you can do. You might help in one or more of the following ways:

- Be active locally in legislative advocacy
- Participate in League educational programs
- Serve on League task forces or committees
- Work with key organizations in your city on grassroots lobbying
- Participate in the League's policy development process
- Become an officer of your department or division
- Contribute to newsletter articles or *Western City* magazine
- Participate in information sharing on the League's website and list serves
- Volunteer and submit session ideas in call for proposal/speakers at League meetings
- Visit www.cacities.org to learn more and keep up on emerging issues

Private Sector Relations

Although membership in the League is restricted to the cities of California, businesses can be involved with cities through the League by numerous means such as being a League Partner, exhibiting at the Annual Conference, advertising in *Western City* magazine, placing a listing in MuniLink, or participating in CitipAC. For more information please visit www.cacities.org.

Brown Act and League Conferences

The Brown Act permits the attendance of a majority of the members of a legislative body at a conference or similar gathering open to the public that addresses issues of general interest to the public or to public agencies of the type represented by the legislative body. However, a majority of the members cannot discuss among themselves, other than as part of the scheduled program, business of a specific nature that is within the local agency's subject matter jurisdiction.

Green Purchasing, Green Business, Green Conference

The League of California Cities recognizes that the purchase and use of products and services can impact the environment. It is the League's intent to make a positive impact on the environment by integrating environmental considerations into purchasing decisions, office practices and selection of meeting and conference venues. Since 2008, all conference materials are offered and distributed in electronic formats online. The Sacramento Convention Center provides sustainable practices including recycling, composting and energy-efficient building design.

Helen Putnam Award for Excellence

This program, supported by the League Partners, recognizes outstanding cities that deliver the highest quality and level of service in the most effective manner possible. Visit the special displays, located in the Expo Hall, by cities that won the prestigious 2013 awards and learn what your city can adapt from their success.

Institute for Local Government

The Institute for Local Government promotes good government at the local level with practical, impartial, and easy-to-use resources for California communities. Current program areas and resources to help local officials in service to their communities include: local government basics, public engagement, sustainable communities and public service ethics. ILG is the nonprofit research and education affiliate of the League of California Cities and California State Association of Counties. Please visit www.ca-ilg.org.

League Caucus Networking Groups

Join one or more of the League's Caucuses: African American; Asian Pacific Islanders; Gay, Lesbian, Bisexual & Transgender; Latino and Women's. Each will host a networking event at the Annual Conference, open to all attendees, and an information table in the Expo Hall.

GENERAL INFORMATION, Continued**League Partners Program**

This valuable program offers businesses and non-profit organizations an opportunity for dialogue, participation, and support with the League and cities. Learn more at www.cacities.org/leaguepartners. Visit their Village in the Expo Hall, enter prize drawings, attend sessions in the speaker theater and their breakout programming track.

Mayors and Council Members Academy

This training certificate program consists of specific educational programs and community activities that enhance knowledge and skills needed to be more effective in office. Three levels include Leadership, Advanced Leadership, and Leadership in Action. You may participate in all three levels at the same time. For more information on the academy, please email bsanders@cacities.org.

Spouses and Guests

Contact your hotel concierge for referrals for childcare, shopping, tours and events while in Sacramento. Spouses attending the conference with a registered attendee must purchase a spouse registration. An eligible spouse is someone who is not an elected or appointed public official and/or someone who does not conduct business with public officials or agencies. Registered spouses are welcome on the Expo floor and related receptions. Official 2013 Annual Conference badges are required for attendance at sessions and educational events due to seating capacities.

The Art of Vision

Erik Wahl, graffiti artist, author, entrepreneur and philanthropist, The Wahl Group, Inc.

An internationally recognized graffiti artist, author, entrepreneur and philanthropist, Erik's understanding of vision was originally born in the school of disappointment. After eight years as a corporate partner, he became

frustrated by the lack of innovative thought and corresponding profits he saw in business. So he pursued his passion, rediscovered his love for art and became the Warhol of Wall Street, the Renoir of ROI, and the Picasso of Productivity.

EVENING NETWORKING

Grand Opening Expo Hall

5:00 - 7:00 p.m. | *Exhibit Halls ABC*

Meet sellers inside the League's 36th Annual Expo. The League has pooled resources from more than 225 city government product and service-related companies to help communities do a better job and provide quality opportunities to network and conduct business.

Host City Reception

This year, the League of California Cities 2013 Annual Conference will not only be held in a city that identifies itself as the State Capitol but also as the Farm-to-Fork Capital of America. With the support of area chefs, committed to promoting fresh, local ingredients, Sacramento proclaimed its Farm-to-Fork title in October of last year. So, it seems only fitting that the theme of this year's Opening Reception be: I Dig Sacramento, Farm-to-Fork Capital of America. Please join us at 5:00 p.m. at the Sacramento Convention Center, immediately following the general session and in conjunction with the grand opening of the Expo Hall. Discover what the Farm-to-Fork Capital of America has to offer.

Communicating in a Crisis: Protecting Your City's Reputation

1:00 – 1:20 p.m.

Sooner or later, it's your turn — maybe a police shooting, a civil rights lawsuit, misconduct by a city employee, or any number of other events. Next you're facing a sophisticated and multi-front campaign run by deep-pocketed and savvy plaintiffs' counsel or other adversaries. City attorneys/managers operating on tight budgets don't stand a chance in this reputation warfare, unless you have the skills to avoid common mistakes and advance your story strategically. Hear how cities can successfully communicate their ideas in these types of situations in a way that assists their legal and policy goals.

WATER SUPPLY INFRASTRUCTURE YESTERDAY, TODAY AND TOMORROW

Room 314 (Planned with the Latino Caucus)

California and its cities continue to grow every day, but will there be an adequate water supply system to meet this ever growing demand? A panel of experts will discuss this question by reviewing the early development of California's major water infrastructure built in the early to mid-1900's when the State's population was only 15 million, along with actions taken by water agencies to keep up with today's population of 38 million, then conclude with actions to consider in order to meet tomorrow's projected population of 50 million. The economic and social challenges associated with the lack of a reliable water supply to both urban and rural cities will also be discussed.

The Internet of Things: The Building Block to Smarter Cities

3:15 - 3:35 p.m.

The Internet of Things - where sensors detect critical information about our environment and pass it on via advanced networks - is poised to transform our cities. Cities will automatically know when streetlights are out; air pollution levels; trash capacity in residential areas so garbage trucks only go to those cans; real-time parking availability; and more. This means reduced city expenses, improved operational efficiency, and enhanced quality of life for citizens. Learn not only how the Internet of Things has just begun to make our cities smarter, but also what the future of this technology holds.

Companies featured on the Best list have the highest levels of trust, strongest evidence of employee engagement, and demonstration of the best applied management practices and programs. Learn how to create or improve your culture, build pride in city work, gain collaboration and enhance productivity.

SPEAKER: Stacey Peterson, Human Resources Manager, Rancho Cordova

Is Your City Ready for the (R)evolution of Work?

4:45 - 5:05 p.m.

What happens when work is no longer a physical place but a state of mind; when the trappings that have defined the economy and cities are stripped away by technology, demographics and global economics? From corner coffee shops to Fortune 500 companies, work is changing. Mobility and flexibility will be paramount. As a result, how our cities have been planned and operated will be fundamentally challenged. Explore how cities can adapt and benefit from this revolution of work.

SPEAKER: Ryan Coonerty, Author/Former Mayor, Santa Cruz, *The Rise of the Naked Economy*

CALTRUST

Your Pooled Public Agency Investment Solution

CalTRUST is an innovative partnership...

The CSAC Finance Corporation and the League of California Cities created CalTRUST to provide a convenient method for local agencies to pool their assets for investment. Recently enacted legislation authorizes local agencies to directly invest in joint investment pools, such as CalTRUST. There is no requirement that a local agency become a JPA member.

CalTRUST offers account options...

Local agencies have three account options – Money Market, Short-Term, or Medium-Term accounts. Local agencies can select an account option which matches their investment time horizon and cash flow needs and easily reallocate among accounts as those needs change.

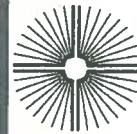

Each of the accounts seek to attain as high a level of current income as is consistent with the preservation of principal by investing only in high-quality, fixed-income securities. All CalTRUST accounts comply with the limits and restrictions placed on local investments by California statutes; no leverage is permitted in any of the CalTRUST accounts.

CalTRUST makes participation easy...

Local agencies can invest with CalTRUST directly, without the need for a city council or board resolution to join the JPA. Any California local agency may participate in CalTRUST.

Interested agencies should thoroughly review the Information Statement, which provides detailed information about the program prior to investing. All CalTRUST documents are available online, at www.caltrust.org, or from any CalTRUST representative.

For additional information or questions about the CalTRUST program visit us at booth 624 at the Expo, online at www.caltrust.org or contact Norman Coppinger, League of California Cities (916) 658-8277

**PROPERTY MANAGEMENT PLANS: PROPERTY FIRE SALE
OR ECONOMIC DEVELOPMENT OPPORTUNITY?**

Room 304

The dissolution of the Redevelopment Agencies will result in the most unique public agency property sale ever to occur in California, as successor agencies are required to dispose of thousands of properties scheduled to start Q3/Q4 of 2013. Many real estate professionals see the PMP as a property fire sale, but a number of municipal finance experts see PMPs as an opportunity to jump start key economic development projects. How can the PMP maximize results for cities? What financing tools are available for these properties? Can success on PMP properties serve as a new baseline for re-engaging economic development?

General Resolutions Committee Report and Voting by City Delegates

HOW TO PARTICIPATE IN THE LEAGUE'S ANNUAL CONFERENCE RESOLUTIONS PROCESS

Policy development is a key part of the League's legislative effectiveness. The League's Annual Conference Resolutions process is one way that city officials can directly participate in the development of League policy.

Submission of Resolutions

Any elected or appointed city official, individual city, division, department, policy committee, or the board of directors may submit a resolution for consideration at the conference. Resolutions must be submitted to the League's Sacramento office no later than 60 days prior to the opening of the conference. Resolutions should focus on direct municipal issues of statewide importance.

Consideration of Resolutions

The League President refers the resolutions to the League policy committees for review and recommendation at the Conference. Resolutions are next considered by the General Resolutions Committee (GRC), which consists of representatives from each division, department, policy committee and individuals appointed by the League President. Resolutions that are approved by the GRC, and resolutions that are approved by the policy committees, but not approved by the GRC, are next considered by General Assembly. Resolutions approved by the General Assembly become League policy. Other action on resolutions can be: referred back to a policy committee, amend, disapprove, or no action.

Late-Breaking Issues

Resolutions to address late-breaking issues may be introduced by petition at the Annual Conference. To qualify, a petitioned resolution must be signed by 10 percent of the voting delegates and submitted at least 24 hours before the beginning of the Concluding General Assembly (Deadline: Noon, Thursday, September 19). All qualified petitioned resolutions are forwarded to the General Assembly for consideration, regardless of the action recommended by the GRC. The petition resolution process should be reserved for truly late-breaking issues. If the parliamentarian finds that a petitioned resolution is identical or substantially similar in substance to a resolution already under consideration, the General Resolutions Committee may disqualify it.

HELEN PUTNAM AWARD
FOR EXCELLENCE WINNERS

CCS PARTNERSHIP INTERGOVERNMENTAL COLLABORATION AWARD

PROGRAM TITLE: **ONTARIO-MONTCLAIR PROMISE SCHOLARS INITIATIVE**

Ontario and Montclair The Ontario-Montclair Promise Scholars Initiative is a partnership between the cities of Ontario and Montclair, County of San Bernardino, Ontario-Montclair School District (OMSD), Chaffey Joint Union High School District, Chaffey Community College, CSU San Bernardino, Inland Empire United Way, and local businesses to provide early awareness and access to college for all students in the community. The program began as a pilot in 1999 and is in its second year of expanding from six schools to thirty-five.

ECONOMIC DEVELOPMENT THROUGH THE ARTS

PROGRAM TITLE: **CULTURAL ARTS RESOURCE DISTRICT**

Eureka Eureka, the Humboldt County seat, is a historic city of 28,000 nestled between the majestic redwoods, and California's rugged North Coast. The City has experienced economic problems since the early 1990's. Construction of a regional mall on the City's perimeter in 1988 hastened the flight of business from Eureka's commercial core area, which was already suffering from the decline of the region's natural resource-based economy.

ENHANCING PUBLIC TRUST, ETHICS, AND COMMUNITY INVOLVEMENT

PROGRAM TITLE: **GRANADA VILLA NEIGHBORHOOD COMMITTEE**

Santa Clarita The Granada Villa Neighborhood Committee is a great example of how a grassroots effort can flourish into a successful community partnership despite challenging economic times and limited City resources. It has measurable, far-reaching results. Utilizing existing resources, the City partnered with residents and local agencies to facilitate problem-solving, open lines of communication, build trust, and find creative ways to address challenges and meet needs. Residents were empowered to take their community back and create a stronger neighborhood; connect with law enforcement and service agencies; and learn new skills. Youth found positive activities and the help they need to succeed in school and in life. The quality of life in the Granada Villa mobile home park has significantly improved.

HOUSING PROGRAMS AND INNOVATIONS

PROGRAM TITLE: **HOMELESS SERVICES CONTINUUM OF CARE**

Ontario The City of Ontario implemented a full service Homeless Services Continuum of Care that transitions homeless individuals and families into permanent housing while creating a reliable source of funding for the program with new long term affordable housing units. The City was able to seize the opportunities created through the housing crisis to acquire foreclosed multi-family properties at reasonable costs to create an inventory of 62 housing units for this program. To date, thousands of people have been served through this full service program.

PLANNING AND ENVIRONMENTAL QUALITY

PROGRAM TITLE: ELK GROVE RAIN GARDEN PLAZA

Elk Grove The City of Elk Grove transformed a blighted one-acre parcel into an inspiring, educational and recreational Project that mimics a natural approach to retain and cleanse urban stormwater runoff while protecting the environment and promoting future sustainable practices. The Elk Grove Rain Garden Project demonstrates the connection between a small urban space and innovative storm water management practices and is the first large-scale rain garden in California. The Project provides a community gathering area with picnic tables/benches and features an art sculpture for interactive play. Colorful interpretive signs help explain the functions of the Project, with its water harvesting features, wildlife attracting plants and fitness equipment. The Project is connected to a corridor of residential homes, businesses, parks and trails. The beautiful, inviting open space inspires visitors of all ages to have fun as they learn easy ways to prevent stormwater pollution and preserve the environment for future generations.

PUBLIC SAFETY

PROGRAM TITLE: LISTOS

Santa Maria By means of an innovative disaster preparedness program, the City of Santa Maria is effectively engaging its non-English speaking Hispanic/Latino population through an education program designed to promote trust in local government, enhancing public safety and disaster preparedness, and fostering better civic participation. Community trust and involvement are taking hold with hundreds of families and individuals who experience the City's willingness to invest in meaningful outreach efforts through the "Listos" emergency preparedness program. This collaborative effort is intended to engage the City's non-English speaking Hispanic/Latino community, whose numbers now represent more than 70 percent of the City residents.
