- 3:30 PM - Wrap-up and Closing Remarks

Please note times and schedule subject to change.

Introduction of Participants

Robert Brigham

Robert Brigham moved to Manhattan Beach at age 12 in 1939 with his parents, who were active in community affairs. He taught history and coached multiple sports for 38 years at Mira Costa High School beginning in 1952. Brigham's thesis for his masters' degree at USC concerned an inn in Manhattan Beach owned by an African American family in the 1920s. His thesis was an important resource in re-naming the City's park on Highland Avenue in 2007 Bruce's Beach.

Jan Dennis

Jan Dennis is the quintessential author and historian of Manhattan Beach. During her more than 50 years as a resident she has been actively engaged in the community. She has served on the City Council and as Mayor (the second female to hold that post), been an active member of the Neptunian Woman's Club of Manhattan Beach (including as its president) and the Manhattan Beach Historical Society, founded the City's Cultural Heritage Conservancy which recognizes historic buildings, and written seven books and multiple articles on the history, people, and places of Manhattan Beach. Jan was born and raised in Ridgefield, CT, attended Art Career School and pursued artistic endeavors in New York City before making Manhattan Beach her home.

Judson Grenier, Ph.D.

Dr. Judson Grenier moved with his family to Manhattan Beach in 1956 to begin his teaching career at El Camino College, where he taught for 10 years before leaving for a new state university at Dominguez Hills. The first chair of the History Department, Dr. Grenier was active in curriculum development and academic governance at Cal State Dominguez Hills for nearly 30 years until his retirement.

Nancy Hersman, Esq.

A Manhattan Beach resident for over 14 years, Nancy is an active volunteer in the schools and community. Nancy is a former President and Trustee of the MBUSD Board of Trustees, and now serves on the City's Parks and Recreation Commission. In addition, Nancy is on the board of MBEF and MB Coordinating Council, and is the program director this year for the Mayor's Youth Council. Nancy is also involved in the business community as a partner in Chase Hersman, LLP, a business law firm in Manhattan Beach.

Russ Lesser

Russ Lesser lives 100 feet from the Manhattan Beach house his grandparents purchased in 1917. A 1958 graduate of Mira Costa High School, Russ worked for many years as a Certified Public Accountant before becoming president of Body Glove International in 1990. Lesser served eight years on the Manhattan Beach City Council, including two terms as Mayor, and has received multiple awards for his public service. A dedicated runner (he has run more than 50,000 miles), he established the annual Manhattan Beach 10K Race, which is organized by volunteers without corporate sponsors and reinvests its profits in the community.

Mayor's Youth Council

Manhattan Beach Mayor's Youth Council began in 2011 to bring together high school students and community leaders. During the nine-month term of the program, participating students have an opportunity to meet with local leaders in government, business, philanthropy, cultural arts, education, science and technology, and more.

Steve Napolitano

Steve Napolitano was born and raised in Manhattan Beach and currently serves as Deputy to Los Angeles County Supervisor Don Knabe. Steve is a former three-term Manhattan Beach Mayor and Councilmember first elected in 1992 at the age of 26 and he remains the youngest person to have served in those positions. He is a licensed attorney specializing in education and municipal law, received the Field Representative of the Year Award by the LAX Coastal Area Chamber of Commerce, and from 2002 to 2003 served as President of the Independent Cities Association.

Beverly Rohrer, Ed.D.

Dr. Beverly Rohrer began her 56-year career in education as a teacher at Mira Costa High School, from which she graduated in 1955. She went on to have an immense impact on education in the South Bay as Superintendent of the Manhattan Beach, Redondo Beach, and Hermosa Beach School Districts. Dr. Rohrer is a recipient of multiple local, state, and national awards for educational innovation and leadership.

Arthur Verge, Ph.D.

Dr. Arthur Verge is a professor of history at El Camino College. Born in Santa Monica, his family has roots back to California's Mission period and his classes and research reflect that heritage. An award-winning teacher, Dr. Verge doubles as a Los Angeles County Lifeguard (since 1974) and intimately knows the history and challenges of servicing the beaches and communities of our area.
