B. Project Execution

1. Subject to the availability of grant monies from the Propositions, the District hereby grants to the Grantee a sum of money (grant monies) not to exceed the amount stated on Page 1 in consideration of, and on the condition that the sum be expended in carrying out, the purposes set forth in the Description of Project on Page 1 and under the terms and conditions set forth in this Agreement, the Propositions (see Attachment A) and the attached Application (see Attachment B).

Grantee agrees to furnish any additional funds that may be necessary to complete the Project. Grantee agrees to budget and appropriate annually, in each fiscal year until completion of the Project, an amount equal to the total estimated cost of the Project less the grant amount stated on Page 1 of this Agreement.
2. Grantee agrees to complete the Project in accordance with the time of Project performance as set forth on Page 1, and under the terms and conditions of this Agreement and the Procedural Guide. The time of Project performance may be extended upon mutual agreement, in writing, of the Grantee and District. The requirements of the Propositions and of this Agreement last in perpetuity and may be enforced by the District at any time.
3. Grantee shall comply as lead agency with the California Environmental Quality Act, Public Resources Code, Section 21000, et. seq. Prior to submitting requests for reimbursement of actual construction or acquisition costs, Grantee agrees to file with the District a copy of the Mitigated Environmental Impact Report or Negative Declaration along with a response from the State Clearinghouse, if required; and a copy of the Notice of Determination filed with, and stamped by, the County Clerk; or, if the Project is categorically exempt, then a copy of the Notice of Exemption filed with, and stamped by, the County Clerk, or at the District's sole discretion, other written certification of exemption as deemed acceptable by the District.

4. Grantee agrees that, prior to incurring actual development and/or acquisition costs, it will submit all requested development and/or acquisition documents to the District for prior review and approval.
5. Grantee shall use monies allocated in this Agreement, to the maximum extent practical, to employ youth from the community in which the Project is being carried out. Grantee is encouraged, and has authority to use said monies, to provide funding through agreements with community conservation corps, the California Conservation Corps and other community organizations, particularly when youth can be employed to work on restoration or rehabilitation projects being carried on in their own communities. Such agreements shall be entered into solely for the accomplishment of the Project described on Page 1 of this Agreement.

Therefore, prior to requesting reimbursement for actual construction, development or acquisition costs, Grantee must submit a report to the District describing its efforts to employ youth in the community. The report shall contain, at a minimum, the number and approximate age of youth to be employed at each stage of the Project, a description of the work the youth will perform, the process by which the youth shall be employed, the amount the youth will be paid and, the name of any organizations or agencies that will supply youth to be employed on the Project, as well as a description of Grantee's efforts to employ youth in every stage of the Project.

Grantee must comply fully with all State and Federal laws regarding the employment of youth on the Project.

Notwithstanding the above, the District reserves the right to establish goals for the employment of youth if, in the District's opinion, it is necessary to do so in order to accomplish the purposes of the Propositions.

6. Grantee agrees to file with the District copies of any contracts or agreements executed for work on the Project. Grantee further agrees that it will make a good faith effort to recruit and promote minority-owned and women-owned businesses to participate in the process for the award of any contracts or agreements executed for work on the Project.

Therefore, when filing with the District a copy of any contract or agreement for work on the Project, said copy will be accompanied, at a minimum, by a description of the process used for identifying minority and women contractors or vendors; a list of firms from which the Grantee solicited or received offers; and comparative statistics regarding the minority and women participation and percentage of minority and women ownership of each contractor and subcontractor working on the Project. In addition, said copy will be accompanied by a statement affirming that, on final analysis and consideration of award, contractor or vendor was selected without regard to race, color, creed or gender, unless City, State or Federal laws and/or regulations or court decisions require otherwise, in which case the Grantee will state the applicable reason. Grantee further agrees to retain on file, and to make available to the District on request, statistical information regarding the minority and women participation and percentage of minority and women ownership in each firm participating in the bidding process.

7. Grantee agrees to secure completion of the development work in accordance with the approved development plans and specifications or force account schedule.
8. Grantee agrees to permit the District to make periodic site visits to determine if development and/or work is in accordance with the approved plans and specifications, or force account schedule, including a final inspection upon Project completion.
9. Any modification or alteration in the Project, as set forth in the Application on file with the District, must be submitted, in writing, to the District for prior approval. No modification shall be effective until and unless the modification is executed by both Grantee and the District.
10. If the Project includes acquisition of real property, Grantee agrees to comply with Chapter 16 (commencing with Section 7260) of Division 7 of Title 1 of the Government Code and any applicable federal, state, or local laws or ordinances. Documentation of such compliance will be made available for review upon the District's request.
11. If the Project includes acquisition of real property, Grantee agrees to furnish the District preliminary title reports respecting such real property or such other evidence of title that the District determines to be sufficient.

Grantee agrees in negotiated purchases to correct, prior to or at the close of escrow, any defects of title that in the opinion of the District might interfere with the operation of the Project. In condemnation actions, such title defects must be eliminated by the final judgment.

12. If the Project includes landscaping, Grantee shall use drip irrigation systems and shall use drought-resistant or xerophytic trees, plants, lawn or sod, unless Grantee can show, to the District's satisfaction, that it is infeasible to do so.
13. To the maximum extent feasible, grantee shall cause to be recorded on the title of any real property acquired and/or developed with funds from the Propositions, a deed restriction requiring compliance with the Propositions and this Agreement, in perpetuity.

C. Project Costs

The grant money provided under this program may be disbursed as follows:

1. If the Project includes acquisition of real property, the District may disburse to Grantee the grant monies as follows, but not to exceed, in any event, the District grant amount set forth on Page 1 of this Agreement:
 - a. When acquisition is by negotiated purchase, the District may disburse the amount of the District-approved purchase price together with District-approved costs of acquisition. The District-approved purchase price shall not exceed the value contained in a valid appraisal report, unless the District agrees, in advance, to the higher price.
 - b. When acquisition is allowed pursuant to the Propositions through eminent domain proceedings, the District may disburse the amount of the total award, as provided for in the final order of condemnation, together with District-approved costs of acquisition. Grantee shall bear all costs and make all advances associated with obtaining an order of immediate possession in an eminent domain proceeding.
 - c. In the event Grantee abandons such eminent domain proceedings, Grantee agrees that it shall bear all costs in connection therewith and that no grant monies shall be disbursed for such costs.
2. If the Project includes development, after the completion of the Project or any phase or unit thereof, the District will disburse funds to Grantee only after the District has reviewed and approved all requested development documents and has received from Grantee a statement of incurred costs. The District may disburse funds in the amount of District-approved incurred costs shown on such statement, but not to exceed the District grant amount set forth on Page 1 of this Agreement, or any remaining portion of the grant amount.

The statements to be submitted by Grantee shall set forth in detail the incurred costs of work performed on development of the Project and whether performance was by construction contract or by force account. Statements shall not be submitted more frequently than once a month, unless the District requests otherwise.

The District must approve modifications of the development plans and specifications and/or force account schedule prior to any deviation from the District-approved plans and specifications, and/or force account schedule, unless previously authorized by the District.

3. The District may retain up to ten (10) percent of the grant amount pending project completion and verification that the Grantee has satisfied all terms and conditions of this Agreement. Within three (3) months of Project completion, Grantee must submit final project documents. The District will not make final payment, including but not limited to the ten percent retention, until it has received all closing documents from the Grantee and has made a final Project inspection. At the District's discretion, the District also may perform an audit of Grantee's Project expenditures before final payment is made. Nothing in this section precludes the District from performing an audit of Project expenditures at a later date in accordance with Section I of this Agreement.

D. Project Administration

1. Grantee agrees to promptly submit any reports that the District may request. In any event, Grantee shall provide

to the District a report showing total final Project expenditures.

2. Grantee agrees that property and facilities acquired or developed pursuant to this Agreement shall be available for inspection upon the District's request in perpetuity.
3. Grantee agrees to use any monies disbursed by the District under the terms of this Agreement solely for the Project herein described.
4. Any non-recreational use of a Project must be preapproved in writing by the District, and if approved, Grantee agrees that any gross income earned from such non-recreational uses of a Project shall be used for recreation development, additional acquisition, operation or maintenance at the Project site, unless the District approves otherwise in writing.
5. Grantee also agrees that any gross income that accrues to a grant-assisted development Project during and/or as part of the construction, from sources other than the intended recreational uses, also shall be used for further development of that particular Project, unless the District approves otherwise in writing.

Grantee agrees to submit for prior District review and approval any and all existing or proposed operating agreements, leases, concession agreements, management contracts or similar arrangements with non-governmental entities, and any existing or proposed amendments or modifications thereto, as they relate to the project or the project site in perpetuity.

Grantee further agrees not to enter into any contract, agreement, lease or similar arrangement, or to agree to any amendment or modification to an existing contract, agreement, lease or similar arrangement, that, in the District's opinion, violates federal regulations restricting the use of funds from tax-exempt bonds.

6. Grantee agrees that, upon entering into any contract for the construction, maintenance, operation or similar activity related to the Project, Grantee will require said contractor to carry adequate insurance required by the District and naming the District as an additional insured. In addition, said insurance must require that Grantee and the District be given thirty (30) days advance written notice of any modification or cancellation of said insurance. Grantee agrees to submit proof of such insurance to the District for its prior approval.
7. Grantee and District will conform to the requirements of Government Code Section 6250, et seq. in making all documents relating to this Agreement, the grant obtained and all other related matters available for public review during regular business hours. In the case that the Project involves acquisition of property, however, both the District and Grantee may withhold from public review any and all documents exempted under Section 6254, subsection (h), prior to completion of said acquisition.

In the event that the District is required to defend an action on a Public Records Act request for any of the contents of an Grantee's submission under the terms and conditions of the Agreement, Grantee agrees to defend and indemnify the District from all costs and expenses, including attorneys' fees, in any action or liability arising under, or related to, the Public Records Act.

8. In order to maintain the exclusion from gross income for federal income tax purposes of the interest on any bonds, notes or other evidences of indebtedness issued for the purpose of providing the grant monies made available in this Agreement, Grantee covenants to comply with each applicable requirement of Section 103 and Sections 141 through 150, inclusive, of the Internal Revenue Code of 1986, as amended. In furtherance of the foregoing covenant, Grantee hereby agrees that it will not, without the prior written consent of the District, (a) permit the use of any portion of the Project by any private person or entity, other than on such terms as may apply to the public generally; or (b) enter into any contract for the management or operation of the Project or any portion thereof, except with a governmental agency or a nonprofit corporation that is exempt from federal income taxation pursuant to Section 501(c)(3) of the Internal Revenue Code.
9. If Grantee receives the prior permission of the District, acting through the Board, to sell or otherwise disposes of property acquired or developed with grant monies provided under this Agreement, Grantee shall reimburse the District in an amount equal to the greater of 1) the amount of grant monies provided under this Agreement; 2)

the fair market value of the real property; or 3) the proceeds from the portion of the property acquired, developed, improved, rehabilitated or restored with grant monies.

If the property sold or otherwise disposed of with the prior permission of the District, acting through the Board of Supervisors, is less than the entire interest in the property originally acquired, developed, improved, rehabilitated or restored with the grant monies, then Grantee shall reimburse the District an amount equal to the greater of: 1) an amount equal to the proceeds; or 2) the fair market value.

10. With the written consent of the District, the Grantee may transfer property acquired, developed, improved, rehabilitated or restored with funds granted under this Agreement to another public agency; to a nonprofit organization authorized to acquire, develop, improve or restore real property for park, wildlife, recreation, open space, or gang prevention and intervention purposes; or to the National Park Service, provided that any proposed successor agrees to assume the obligations imposed under the Propositions and to accept assignment of this Agreement. Under these conditions, the Grantee shall not be required to reimburse the District as described in Section D, Paragraph 10 of this Agreement. Any such transfer must require the nonprofit or public entity acquiring the property to enter into a written agreement with the District and agreed to comply with the terms of the Propositions and this Agreement.

E. Project Completion and Enforcement

1. Grantee may unilaterally rescind this Agreement at any time prior to the commencement of the Project. After Project commencement, this Agreement may be rescinded, modified or amended only by mutual agreement in writing.
2. Failure by the Grantee to comply with the terms of this Agreement, or any other agreement established pursuant to the Propositions, may be cause for suspension or termination of all obligations of the District hereunder.
3. Failure of the Grantee to comply with the terms of this Agreement shall not be cause for the suspension of all obligations of the District hereunder if, in the judgment of the District, such failure was beyond the reasonable control of the Grantee. In such case, any amount required to settle, at minimum cost, any irrevocable obligations properly incurred shall be eligible for reimbursement under this Agreement.
4. The Grantee's full compliance with the terms of this Agreement will have significant benefits to the District, and to the property and quality of life therein, through the preservation and protection of beach, wildlife, park, recreation and natural lands of the District, provision of safer recreation areas for all residents, prevention of gangs, development and improvement of recreation facilities for senior citizens, the planting of trees, construction of trails, and/or restoration of rivers and streams. Because such benefits exceed, to an immeasurable and un-ascertainable extent, the amount of grant monies that the District furnishes under the provisions of this Agreement, the Grantee agrees that payment by the Grantee to the District of an amount equal to the amount of the grant monies disbursed under this Agreement by the District would be inadequate compensation to the District for any breach by the Grantee of this Agreement. The Grantee further agrees, therefore, that the appropriate remedy in the event of a breach by the Grantee of this Agreement shall be the specific performance of this Agreement, with an injunction against any breaching conduct, unless otherwise agreed to by the District. Nothing in this Section shall limit in any way the District's legal or equitable remedies under this Agreement or any other remedy available by law. No delay or omission by the District in the exercise of any right or remedy upon any breach by Grantee shall impair in any way the District's right to enforce the terms of this Agreement, nor be construed as a waiver.
5. Grantee and the District agree that, if the Project includes development, final payment may not be made until the Project conforms substantially with this Agreement and is a usable public facility.
6. Grantee and each County lobbyist or County lobbying firm, as defined in Los Angeles County Code Section 2.160.010, retained by Grantee, shall fully comply with the County Lobbyist Ordinance, Los Angeles County Code Chapter 2.160. Failure on the part of Grantee or any County lobbyist or County lobbying firm to fully comply with the County Lobbyist Ordinance shall constitute a material breach of this Agreement, upon which the District may

terminate or suspend this Agreement.

7. If the District brings an action to enforce the terms of this Agreement, the Grantee shall be responsible to pay the District's reasonably attorney's fees and costs, including expert witness costs, if the District prevails in said action.

F. Payment of Funds

1. Grantee may request reimbursement from the District for eligible expenses, which the Grantee has properly incurred and paid, no more frequently than every thirty (30) days. Grantee shall submit reimbursement requests on District-provided Payment Request Forms, including the applicable attachments.

All Payment Request Forms should be sent to:

Los Angeles County
Regional Park and Open Space District
510 South Vermont Avenue, Room 230
Los Angeles, California 90020

2. Grantee should submit its payment request prior to the fifteenth day of the month to receive reimbursement within four to six weeks. The District may hold Payment Request Forms received after the fifteenth of the month until the next month, which may result in reimbursements being delayed.
3. The District may withhold a portion of the amount of reimbursement if, in the opinion of the District, an expenditure is not eligible under the terms and conditions of this Agreement, the Propositions, the Application or the Procedural Guide. In such cases the District shall notify the Grantee of the amount of expenditures declared ineligible and the reason(s) for the ineligibility. Grantee, within thirty (30) days of notification, may dispute the District's decision, in writing, to the District and provide records and/or documentation to support its claim. The District shall review the information and/or documentation provided and will notify Grantee of its final determination. If Grantee fails to dispute the findings, in writing, within the thirty day period, then the Grantee shall have waived its right to dispute the findings.

G. Hold Harmless and Indemnification

1. Grantee shall indemnify, defend and hold the District harmless from and against any and all liability to any third party for or from loss, damage or injury to persons or property in any manner arising out of, or incident to, the performance of this Agreement or the planning, arranging, implementing, sponsoring or conducting of the Project or any other operation, maintenance or activity by the Grantee. Grantee agrees to defend and indemnify the District from all costs and expenses, including attorney's fees, in any action or liability arising under this Agreement or the planning, arranging, implementing, sponsoring or conducting of the Project or any other operation, maintenance or activity by the Grantee.
2. The District shall have no liability for any debts, liabilities, deficits or cost overruns of the Grantee.
3. Grantee and District agree that the liability of the District hereunder shall be limited to the payment of the grant monies pursuant to the terms and conditions of this Agreement and the Procedural Guide. Any contracts entered into, or other obligations or liabilities incurred by, the Grantee in connection with the Project or otherwise relating to this Agreement shall be the sole responsibility of the Grantee, and the District shall have no obligation or liability whatsoever thereunder or with respect thereto.

H. Independent Grantee

This Agreement is by and between the Los Angeles County Regional Park and Open Space District and Grantee and is not intended, and shall not be construed, to create the relationship of agent, servant, employee, partnership, joint venture or association between the District and Grantee.

I. Financial Records

1. Grantee agrees to maintain satisfactory financial accounts, documents and records for the Project and to make them available to the District for auditing at reasonable times. Grantee also agrees to retain such financial accounts, documents and records for five (5) years following Project termination or completion.

Grantee and the District agree that during regular office hours, each of the parties hereto and their duly authorized representatives shall have the right to inspect and make copies of any books, records or reports of the other party pertaining to this Agreement or matters related thereto. Grantee agrees to maintain, and make available for District inspection, accurate records of all its costs, disbursements and receipts with respect to its activities under this Agreement and the use of any property acquired under this Agreement in perpetuity.

2. Grantee agrees to use an accounting system that complies with generally accepted accounting principles.
3. At any time during the term of this Agreement or at any time within five years after the expiration or prior termination of this Agreement, authorized representatives of the District may conduct an audit of Grantee for the purpose of verifying appropriateness and validity of expenditures that Grantee has submitted to the District for reimbursement under the terms of this Agreement. If said audit reveals expenditures that cannot be verified or that were paid in violation of the terms of this Agreement, the Propositions or the Procedural Guide, the District may, at its discretion, reduce the grant amount by an amount equal to these expenditures.

Grantee, within thirty (30) days of notification that an audit has resulted in the exception of expenditures, may dispute the audit findings in writing to the District and provide the District with records and/or documentation to support the expenditure claims. The District shall review this documentation and make a final determination as to the validity of the expenditures.

If Grantee has received all grant monies prior to the audit, or if remaining grant monies are insufficient, and if said audit reveals expenditures that cannot be verified or that were paid in violation of the terms of this Agreement, the Propositions or the Procedural Guide, Grantee shall pay the District an amount equal to these expenditures within sixty (60) days after receiving written notification of the expenditures disallowed and the reason for the disallowance.

Notwithstanding Government Code Section 907, in the event that Grantee fails to repay the District in full for the amount of excepted expenditures, the District may offset an amount equal to the excepted expenditures from any monies that may be due to Grantee under the terms and conditions of the Propositions. Through the execution of this Agreement, Grantee waives its rights under Government Code Section 907.

J. Use of Facilities

1. Grantee agrees to use the property acquired or developed with grant monies under this Agreement only for the purpose for which it requested District grant monies and will not permit any other use of the area, except as allowed by prior specific act of the Board of Supervisors as governing body of the District and consistent with the terms and conditions of the Propositions and this Agreement.
2. Grantee agrees to maintain and operate in perpetuity the property acquired, developed, rehabilitated or restored with grant monies, subject to the provisions of the Propositions. With the District's prior written approval, the Grantee, or its successors in interest in the property, may transfer the responsibility to maintain and operate the property in accordance with the Propositions to a nonprofit or government entity.
3. Grantee agrees to take all reasonable measures to actively oppose, at its sole expense, any proposal or attempt to act upon, exercise, or assert claims as to reserved rights to the grant funded property that are contrary to the purposes of the Propositions, Procedural Guide and or this Agreement, including but not limited to oil, gas, and other hydrocarbon substances; minerals; water; and/or riparian resources. The above notwithstanding, Grantee has no obligation hereunder to initiate litigation challenging any project or proposal based on a reserved right lawfully recorded against the grant funded property in real property records maintained by the Los Angeles County Recorder's Office.
4. Grantee agrees to provide for reasonable public access to lands acquired in fee with grant monies, including the

provision of parking and public restrooms, except where that access may interfere with resource protection.

K. Nondiscrimination

1. The Grantee shall not discriminate against any person on the basis of race, color, sex, sexual orientation, age, religious belief, national origin, marital status, physical or mental handicap, medical condition, or place of residence in the use of any property or facility acquired or developed pursuant to this Agreement.
2. All facilities shall be open to members of the public generally, except as noted under the special provisions of the Project Agreement.

L. Incorporation by Reference

The Application and its required attachments, including the Assurances, and any subsequent change or addition approved by the District, is hereby incorporated in this Agreement as though set forth in full. The Procedural Guide, and any subsequent changes or additions thereto, and the Proposition also are hereby incorporated in this Agreement as though set forth in full.

M. Severability

If any provision of this Agreement, or the application thereof, is held invalid, that invalidity shall not affect other provisions or applications of the Agreement that can be given effect without the invalid provision or application, and to this end the provisions of this Agreement are severable.

No provision of this Agreement, or the application thereof, is waived by the failure of the District to enforce said provision or application thereof.

Beaches and Wildlife Protection

Approved by Los Angeles County voters on November 5, 1996

RESOLUTION OF THE BOARD OF SUPERVISORS OF THE COUNTY OF
LOS ANGELES, ACTING AS THE LEGISLATIVE BODY OF THE LOS
ANGELES COUNTY REGIONAL PARK AND OPEN SPACE DISTRICT,
LEVYING AN ADDITIONAL ASSESSMENT WITHIN THE DISTRICT,
AMENDING THE METHOD OF ASSESSMENT, AND AUTHORIZING THE
EXPENDITURE OF DISTRICT REVENUES FOR ANY AUTHORIZED
PURPOSE, SUBJECT TO APPROVAL BY THE COUNTY ELECTORATE

WHEREAS, the County of Los Angeles (the "County") has serious unmet needs for park, recreation, youth and senior facilities, and for positive recreational alternatives for at-risk youth to assist in gang prevention and intervention efforts, and contains irreplaceable park, recreation, beach, wildlife and natural open space land; and

WHEREAS, on November 3, 1992, sixty-four percent (64%) of voters within the County voting on the matter authorized formation of the Los Angeles County Regional Park and Open Space District (the "District"), the levy of a benefit assessment within the District, and a plan of expenditure of the proceeds of such assessment; and

WHEREAS, the Board of Supervisors of the County, acting as the legislative body of the District (the "Board"), finds and determines that the development, acquisition, improvement, restoration and maintenance of parks, recreational, cultural and community facilities and open space lands within the District confer a direct and special benefit to all parcels within the District by improving economic, environmental and recreational conditions resulting in maintained or enhanced property values; and

WHEREAS, the Board further finds and determines that the public interest and convenience require, and that it is in the best interest of the residents of the County, that an additional assessment be levied within Landscaping and Lighting District No 92-1, which is coterminous with the District, to fund the purposes of the District consistent with the plan of expenditure set forth in the Engineer's Report referred to below; and

WHEREAS, the County has many unique natural lands and is rich in biological diversity, and it is necessary and important that these natural resources be protected permanently and restored for the purposes of conserving biological diversity, protecting the health of the County's environment and for the enjoyment of this and future generations; and

WHEREAS, the Board further finds and determines that in order to provide for a more equitable apportionment of the assessment among the several properties within the District, the portion of any vacant parcel, and the vacant portion of any partially improved parcel, in excess of

two and one-half acres shall not be assessed, and it is necessary and appropriate to amend the method of assessment to reflect the foregoing change in the method of assessment of vacant or partially improved parcels which are greater than two and one-half acres in size, as detailed in the Engineer's Report referred to below; and

WHEREAS, the Board further finds and determines that it is in the best interest of the residents of the County to permit the District to expend any of its funds for any authorized purpose of the District, including the application of proceeds derived from the original assessment within the District to the plan of expenditure for the additional assessment set forth in this resolution, and vice versa; and

WHEREAS, a public hearing on the matters set forth in this resolution was called and held on June 13, 1996, and this resolution shall not take effect unless and until the question of approval of the matters set forth herein shall have been submitted to the electorate of the County and approved by a majority of voters voting on the question;

NOW, THEREFORE, BE IT RESOLVED by the Board of Supervisors of the County of Los Angeles, acting as the governing body of the Los Angeles County Regional Park and Open Space District, as follows:

Section 1. (a) This resolution is adopted pursuant to Section 5539.9(d)(2) of the Public Resources Code of the State of California (the "State"). The Board hereby adopts and approves the final engineer's report relating to the Additional Assessment (the "Engineer's Report") and filed with the Executive Officer-Clerk of the Board. The Additional Assessment shall be levied within the District at a rate not to exceed the amount set forth in the Engineer's Report, in accordance with the Engineer's Report and this resolution. The Engineer's Report describes the boundaries of the assessment district, the locations of certain of the improvements to be funded by the District, the method and rationale for spreading the proposed Additional Assessment in proportion to the benefit received by each lot or parcel of land within the District, and the proposed amendments to the method of assessment. The Engineer's Report is by this reference incorporated herein as though set forth in full at this place.

The Department of Parks and Recreation shall notify all affected Public Agencies as to the date when funds for grants under this resolution will be available, which shall not be later than July 1, 1997.

(b) The recipient agency of funds for any specific identified project pursuant to this resolution and the 1992 Order shall hold a public hearing regarding funding such specific identified project, either individually or as part of a broader or more general public hearing prior to said agency's application to the District for use of these funds.

Section 5. (a) The grant funds authorized pursuant to subsection (c)(1) of Section 3 shall be allocated to cities which were incorporated on or prior to June 30, 1996, and to the County (representing the unincorporated area of the District), on the basis of each city's and the unincorporated area's respective total number of parcels of land (all as of June 30, 1996). Such figures shall be determined by the Los Angeles County Assessor.

(b) Individual applications for grants pursuant to subsection (c) (1) of Section 3 shall be submitted to the Department of Parks and Recreation for approval as to conformity with the requirements of this resolution. In order to utilize available grant funds as effectively as possible, adjoining jurisdictions shall be encouraged to combine projects and submit joint applications.

The governing body of the recipient agency shall adopt a resolution making findings that one or more of the above conditions exist and the agency shall submit such resolution, together with detailed supporting documentation of such condition(s), to the Department of Parks and Recreation.

The provisions of the foregoing paragraph shall also apply to funds allocated pursuant to paragraph (9) of subsection (b) of Section 3, except that the date June 30, 2003, shall instead be June 30, 2005.

Funds allocated to the City of Whittier pursuant to paragraph (11) of subsection 3(b) shall be subject to all of the provisions of this resolution which apply to the funds allocated pursuant to subsection 3(c), and the City of Whittier shall demonstrate to the satisfaction of the Department of Parks and Recreation that the State has authorized the City to expend such funds at the Pio Pico State Historic Park, and provided that the City has obtained all necessary approvals for such project; if the City of Whittier is unable to satisfy the conditions in this sentence, the funds shall be allocated for expenditure within the Whittier Hills in accordance with Section 3(c)(2)(HHH)(ii).

(b) If the City of Los Angeles elects to expend the funds allocated in subsection (c)(2)(FF)(iii) of Section 3 pursuant to an agreement with another Public Agency, the District shall grant these funds directly to said Public Agency, provided that the City of Los Angeles shall

certify the long-term recreational use of the improvements. The funds allocated to the City of Los Angeles in subsection (c)(2)(FF)(iv) of Section 3 shall be expended by the Santa Monica Mountains Conservancy as the public entity responsible for implementation of the Rim of the Valley Trail Corridor Master Plan pursuant to subdivision (c) of Section 33204.3 of the Public Resources Code.

Section 7. (a) The funds allocated in subsections (a)(2) and (a)(3) of Section 3 shall be available as grants on a competitive basis to Public Agencies and Nonprofit Organizations. The funds shall be encumbered by the recipient within three years of the date when such grants are awarded. The Department of Parks and Recreation shall allocate a share of such competitive funds for expenditure in the unincorporated area of the District using the same procedures specified in subsection (a) of Section 5. The funds allocated pursuant to subsection (a)(2) of Section 3 for competitive grant programs shall be divided equally among the respective purposes specified therein, consistent with the procedures developed by the District for similar competitive grant funds pursuant to the 1992 Order.

(b) Competitive funds allocated pursuant to Section 3 and the 1992 Order shall be made available on a regular annual basis until all such funds are encumbered, and the Department of Parks and Recreation shall notify affected Public Agencies and Nonprofit Organizations of the availability of such funds. Organizations representing ten or more cities shall be given the opportunity by the Department of Parks and Recreation to be fairly represented in the evaluation process established by the Department of Parks and Recreation pursuant to the 1992 Order to evaluate all competitive grant applications. For all competitive grants awarded pursuant to Section 3 and the 1992 Order to Nonprofit Organizations and to Public Agencies from a city with a population of 100,000 or less, costs eligible for reimbursement shall include reasonable costs of preparation of documents needed to apply to the District for the grant, including costs of biological assessments required pursuant to subsection (c) of Section 8, up to three percent (3%) of the total grant amount awarded. In each year that competitive grant funds are available, an amount not less than two and one-half percent (2.5%) of funds available to the District in that year for administrative purposes shall be expended by the District through grants or contracts to independent firms or qualified Nonprofit Organizations for the purpose of providing a technical assistance program to Public Agencies and Nonprofit Organizations throughout the District in preparation of competitive grant requests. The District shall prepare said technical assistance program for Board approval. The Board shall have the ability to adjust the percentage of funds used for said purposes if it determines that the level of funding required to provide the Board-approved technical assistance program is less than the stated percentage. Two hundred fifty thousand dollars (\$250,000) of the amount allocated for competitive grants for trails shall be allocated to the Santa Monica Mountains Conservancy for expenditure within the Rim of the Valley Trail Corridor, and two hundred fifty thousand dollars (\$250,000) of the amount allocated for competitive grants for trails shall be allocated to the Santa Monica Mountains Conservancy for expenditure within the Santa Monica Mountains.

(c) All other criteria being equal, priority for allocation of any competitive grants under this resolution shall be given to those cities, and to Nonprofit Organizations applying jointly with

those cities, which are not designated recipients of funds for specific identified projects in subsection (c)(2) of Section 3 of this resolution or subsection (b)(2) of Section 8 of the 1992 Order. Any city or Nonprofit Organization which would otherwise be entitled to a priority under this subsection (c) shall not be entitled to such priority after it has been awarded a competitive grant under this resolution or the 1992 Order.

(d) In awarding competitive grants, priority shall be given to those proposals which provide for the employment of youth, and particularly at-risk youth, from the area in which the proposed project is located, or which include or are to be administered by a Nonprofit Organization with a demonstrated history of youth employment, gang prevention and intervention, and training programs for at-risk youth, including local community conservation corps and the California Conservation Corps. Such priority shall give due consideration to the employment of female, as well as male, at-risk youth. In furtherance of this goal, the Board may adopt such rules and regulations, and impose such conditions on the recipients of funds under this resolution and the 1992 Order, as the Board may determine to be necessary or appropriate.

(e) One or more individual jurisdictions may enter into an agreement with one or more Public Agencies or Nonprofit Organizations for the purpose of carrying out a grant pursuant to this Section, subject to the requirements of Sections 10 and 11.

Section 8. (a) Funds allocated for competitive grants for rivers and streams pursuant to subsection (a)(2) of Section 3 and the 1992 Order shall be available on a competitive basis as grants to Public Agencies and Nonprofit Organizations for the restoration, rehabilitation or acquisition of natural lands and the development of recreational resources along rivers and streams in the County, including the Santa Clara, San Gabriel and Los Angeles Rivers or their tributaries. These funds shall be used only for the acquisition and/or restoration of lands for natural habitat, wildlife enhancement, and/or development of compatible recreational resources. No less than sixty percent (60%) of funds available for competitive grants for rivers and streams pursuant to subsection (a)(2) of Section 3 shall be used for acquisition, restoration and rehabilitation of natural lands along these rivers and streams. Remaining funds shall be available for development of recreational resources compatible with any existing or restored natural habitat.

(b) Funds allocated for competitive grants pursuant to subsection (a)(3) of Section 3 shall be available as competitive grants for at-risk youth recreation and service facilities only for projects which demonstrate at least sixty percent (60%) usage of the facilities by at-risk youth. The foregoing restriction shall also apply to funds allocated under the 1992 Order for competitive grants for at-risk youth recreation and service facilities. Priority for these grants shall be given to those applications which demonstrate equal attention to the specific needs of girls and boys. An amount not less than five hundred thousand dollars (\$500,000) shall be granted to the Department of Children and Family Services for development and/or improvement of at-risk youth recreation and service facilities at MacLaren Hall. An amount not less than two million five hundred thousand dollars (\$2,500,000) shall be allocated to the Mountains Recreation and Conservation Authority for acquisition and development of an at-risk youth camp in the Whittier

Puente Hills east of Colima Road for the use of, and accessible to, at-risk youth from densely-populated, highly-urbanized areas with a high population of at-risk youth and with low per capita percentage of park, recreation, community or open space lands or facilities.

(c) Funds allocated for competitive grants for acquisition and/or restoration of natural lands pursuant to subsection (a)(2) of Section 3 shall be available on a competitive basis as grants to Public Agencies and Nonprofit Organizations for the acquisition, improvement and/or restoration of natural lands including but not limited to coastal sage scrub, desert, coastal dunes, coastal prairies, chaparral, vernal pools, oak woodlands, forests and native grasslands habitat. Applications for these grant funds shall include a biological assessment of the site including current and historical information, a restoration plan and a long-term habitat management plan. Applicants shall provide documentation of consultation with experts in conservation biology and natural habitat restoration and shall provide documentation that said plans and assessments have been reviewed by these experts.

Section 9. (a) Funds authorized pursuant to subsection (a) (4) of Section 3 shall be available for grants to Public Agencies and shall be expended only for capital outlay projects which meet one or more of the following criteria: (1) protect public health in recreational waters; (2) preserve and enhance the ecological integrity of significant watersheds containing Significant Ecological Areas; (3) are Best Management Practices as defined in the Storm Water NPDES permit for the County and approved by the Executive Officer of the Los Angeles Regional Water Quality Control Board; and (4) reduce runoff into Santa Monica Bay where the runoff travels across lands that contribute large amounts of toxic pollutants to the storm drain system, or measurably reduce the toxicity of that runoff. Proposed projects shall be submitted to the Regional Water Quality Control Board for review and approval.

(b) The Department of Public Works shall prepare, and submit to the Board for approval, a timeline and proposed criteria and procedures for evaluating grants authorized pursuant to subsection (a)(4) of Section 3 of this resolution (and subsection (a)(6) of Section 8 of the 1992 Order) no later than March 30, 1997. The Regional Water Quality Control Board shall in a public process review and give final approval to the criteria and procedures for evaluating these grants.

Section 10. No funds authorized under Section 3 may be disbursed to any recipient unless the recipient agrees:

(a) To maintain and operate in perpetuity the property acquired, developed, improved, rehabilitated or restored with the funds. With the approval of the granting agency, the recipient or its successors in interest in the property may transfer the responsibility to maintain and operate the property in accordance with this Section.

(b) To use the property only for the purposes of this resolution and to make no other use, sale, or disposition of the property, except as provided in Section 11.

(c) Any beach, park or other public facility acquired, developed, rehabilitated or restored with funds derived under this resolution shall be open and accessible to the public without discrimination as to race, color, sex, sexual orientation, age, religious belief, national origin, marital status, physical or medical handicap, medical condition, or place of residence, to the extent consistent with the provisions of Section 13. The recipient shall not discriminate against, or grant preferential treatment to, any person or organization seeking to use such facility based upon the place of residence of such person or the members of such organization.

(d) To comply with each applicable requirement of Section 103 and Sections 141 through 150 of the Internal Revenue Code of 1986, as amended, to the extent necessary to maintain the exclusion from gross income for federal income tax purposes of the interest on any bonds, notes, or other evidences of indebtedness issued to finance such disbursement of funds to such recipient.

The conditions specified in paragraphs (a), (b), (c) and (d) of this Section shall not prevent the transfer of property acquired, developed, improved, rehabilitated or restored with funds authorized pursuant to Section 3 of this resolution from the recipient to another Public Agency, to a Nonprofit Organization authorized to acquire, develop, improve, restore and/or operate real property for park, wildlife, recreation, community, open space or gang prevention and intervention purposes, or to the National Park Service, provided that any such successor to the recipient assumes the obligations imposed by such conditions.

Section 11. (a) Before the use of any property acquired, developed, improved, rehabilitated or restored through a grant pursuant to this resolution is changed to one other than a use permitted under the category from which the funds were provided, or the property is sold or otherwise disposed of, the recipient of said funds must hold a public hearing relative to such proposed change in use or sale or other disposition of said property, and at the conclusion of such public hearing, the recipient must adopt a finding that the proposed change in use or sale or other disposition of said property will further the purposes of this resolution. If the recipient adopts such a resolution and proceeds with the change in use or sale or other disposition of said property, an amount equal to the greater of (1) the amount of the grant, (2) the fair market value of the real property, or (3) the proceeds from the portion of such property acquired, developed, improved, rehabilitated, or restored with the grant, shall be used by the recipient, subject to Section 10, for a purpose authorized in the category to which the funds were originally allocated or shall be reimbursed to the Parks Fund and be available for appropriation only for a use authorized in that category.

If the property sold or otherwise disposed of is less than the entire interest in the property originally acquired, developed, improved, rehabilitated or restored with the grant, an amount equal to the proceeds or the fair market value of the property interest sold or otherwise disposed of, whichever is greater, shall be used by the recipient, subject to Section 10, for a purpose authorized in the category to which the funds were originally allocated or shall be reimbursed to the Parks Fund and be available for appropriation only for a use authorized in that category.

(b) Nothing in this Section shall limit a grantee from transferring property acquired pursuant to this resolution to the National Park Service or the State Park System, with or without consideration.

Section 12. (a) All real property acquired pursuant to this resolution shall be acquired in compliance with Chapter 16 (commencing with Section 7260) of Division 7 of Title 1 of the California Government Code. Public Agencies and Nonprofit Organizations receiving funds under this resolution shall certify compliance to the Department of Parks and Recreation. Funds disbursed to a Public Agency under this resolution may be expended by that receiving Public Agency, or by a joint exercise of powers entity established pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code pursuant to an agreement with such receiving Public Agency.

(b) For purposes of this resolution, the term "acquisition" includes gifts, purchases, leases, easements, the exercise of eminent domain if expressly authorized, the transfer or exchange of property of like value, transfers of development rights or credits, and purchases of development rights and other interests.

(c) All grants, gifts, devises, or bequests to the District, conditional or unconditional, for park, conservation, recreational, community, cultural, wildlife habitat, natural lands or other purposes for which real property may be acquired or developed pursuant to this resolution, shall be made in the name of the County and accepted and received on behalf of the District in the name of the County by the Board. The grants, gifts, devises or bequests shall be available for expenditure for the purposes specified in Section 3.

Section 13. Reasonable public access to lands acquired in fee with funds made available pursuant to this resolution shall be provided except where that access may interfere with resource protection. "Reasonable public access" includes, but is not limited to, parking and public restrooms.

Section 14. All funds of the District allocated to projects which include tasks that can be performed by youth, including but not limited to the rehabilitation, restoration and/or development of beach, park, recreation, open space and/or natural lands, and recreation and community facilities, shall be used to the maximum extent feasible to employ at-risk youth from the community in which the particular project is being carried out. In furtherance of the goal of increasing employment opportunities for at-risk youth, the Board may adopt such rules and regulations, and impose such conditions on recipients of funds under the 1992 Order and this resolution, as the Board may determine to be necessary or appropriate.

Section 15. To the maximum extent feasible, Public Agencies and Nonprofit Organizations shall be encouraged to use funds received pursuant to this resolution to provide funding through agreements with community conservation corps, the California Conservation Corps, and with other community organizations, particularly when youth can be employed to

work on restoration or rehabilitation projects being carried out in their own communities. Such agreements shall be entered into solely for the accomplishment of the purposes set forth in this resolution.

Section 16. Prior to recommending the acquisition of lands that are located on or near tidelands, submerged lands, swamp or overflowed lands, or other wetlands, whether or not those lands have been granted in trust to a local Public Agency, any agency receiving funds pursuant to this resolution shall submit to the State Lands Commission any proposal for the acquisition of those lands. The State Lands Commission may, at its discretion, within ninety (90) days after such a submission, review the proposed acquisition, make a determination as to the State's existing or potential interest in the lands, and report its findings to the entity making the submission and to the Department of Parks and Recreation.

Section 17. (a) Funds that are granted pursuant to Section 3 for the purposes of development, improvement, rehabilitation and/or restoration shall be expended for these purposes only on lands owned by the applicant Public Agency or Nonprofit Organization or subject to a lease or other interest held by such Public Agency or Nonprofit Organization. If such lands are not owned by the applicant or subject to such other interest held by the applicant, the applicant shall first demonstrate to the satisfaction of the administering agency that the project will provide public benefits commensurate with the type and duration of the interest in land held by the applicant.

(b) No wetlands or riparian habitat acquired pursuant to this resolution shall be used as a dredge spoil area or shall be subject to revetment which damages the quality of the habitat for which the property was acquired.

(c) Any restoration of natural habitat lands restored pursuant to this resolution and the 1992 Order shall use only species native to California to the maximum extent feasible. Funds allocated pursuant to Section 3 that are used for landscaping, planting trees or any other planting projects shall use drip irrigation or other water conserving irrigation systems and shall use drought-resistant or xerophytic trees, plants, lawn or sod, except when such use can be shown to be infeasible. When projects involve the rehabilitation of existing irrigation systems or the creation of new irrigation systems, reclaimed water should be used whenever possible and priority shall be given to development of reclaimed water irrigation systems. Any recipient of funds for planting on natural lands shall make every effort to use only plant species and vegetation types which are appropriate to the local ecosystem of the site.

(d) Notwithstanding subsection (e) of this Section, the development of recreational resources or facilities pursuant to this resolution and the 1992 Order shall not degrade the natural values present or being restored along rivers, tributaries and wetlands, nor shall they be used for flood control projects.

(e) Any project funded pursuant to this resolution and the 1992 Order shall include sufficient funds to mitigate damage done to natural lands as a result of said project as otherwise required by law.

(f) No funds shall be used to pay for mitigation which is required to be carried out by state or federal law in connection with a project or activity which is not funded pursuant to this resolution or the 1992 Order.

Section 18. No provision of this resolution shall be construed as authorizing the condemnation of publicly-owned lands.

Section 19. Funds provided to the Santa Monica Mountains Conservancy shall be held and disbursed by the District and, upon application by the Conservancy, shall be expended solely for projects approved by the Board, pursuant to such criteria as the Board may in its discretion adopt; provided, that said funds shall be for projects identified in the annual work program of the Conservancy transmitted to the Governor and the Legislature pursuant to paragraphs (1) and (2) of subdivision (a) of Section 33208 of the Public Resources Code, as amended from time to time after a noticed public hearing, and provided that the Board may disapprove a project in an incorporated city only upon a finding that the acquisition or improvement of a project will involve the acquisition of or access to a site identified or proposed for present or potential future sanitary landfill purposes by the County, or involve any other land or project which may directly or indirectly hinder or impact the ability of the County to use any site so identified for such purposes. All land acquired in whole or in part with funds allocated to the Conservancy hereunder shall be purchased from willing sellers, and in no event shall funds allocated to the Conservancy hereunder be used to pay or reimburse the purchase price of land acquired through the exercise of the power of eminent domain. Disbursement of funds pursuant to subsection (d) of Section 3 shall be governed by the procedures specified for the 1992 order in the order of the Board dated March 29, 1994, and such method of disbursement shall continue to apply to the 1992 Order and to funds provided pursuant to this resolution, except that funds shall be expended within five years of disbursement.

Section 20. If funds are allocated in a citywide measure adopted by the City of Los Angeles in 1996 for any project located at the site of a project identified in subsections (c)(2)(FF)(i) through (xiv), inclusive of Section 3, and in subsection (b)(3) or (b)(10) of Section 3, the funds allocated in this resolution for that project may be reallocated by the Board for another project with regional recreation or open space benefit consistent with the purposes of this resolution within the City of Los Angeles. Such project shall be approved by the City Council of the City of Los Angeles.

Section 21. (a) The Department of Parks and Recreation shall administer for the District all funds for the projects and programs described in this resolution. Administrative costs eligible for funds available for project planning and design of projects funded pursuant to this resolution and the 1992 Order shall include project design and inspection when said inspection is required by the agency responsible for carrying out the project. In any year, a recipient agency may utilize

an amount not more than one percent (1%) of the funds which it is eligible to receive under subsection (b) of Section 23 for reimbursement of accounting and bookkeeping costs as applicable overhead to pay for compliance with the District's accounting and reporting requirements.

(b) Consistent with subsection (a) of Section 23, proceeds of the Additional Assessment shall be used for: (i) costs of maintenance and servicing of projects funded by the District (whether such projects were funded through the application of cash proceeds of assessments or proceeds of bonds, notes or other evidences of indebtedness issued by the District in accordance with this resolution or the 1992 Order) or otherwise acquired pursuant to this resolution, (ii) payment of actual administrative costs associated with carrying out the purposes of the District, by the District and recipient Public Agencies, and (iii) either to pay directly the costs of projects authorized pursuant to this resolution or the 1992 Order, or to pay debt service on any bonds, notes or other evidences of indebtedness of the District.

(c) It is the intention of the District to issue bonds, notes or other evidences of indebtedness, to fund all or a portion of the costs of the projects listed in Section 3 of this resolution. Such bonds, notes or other evidences of indebtedness may be issued in one or more series at such times and in such principal amounts as the Board may determine in its sole discretion.

(d) All proceeds of the Additional Assessment shall be deposited into the Parks Fund established pursuant to the 1992 Order. The Auditor-Controller of the County, on behalf of the District, may create any other funds, accounts or subaccounts necessary or desirable to account for the funds of the District, including the proceeds of assessments and bonds, notes and other evidences of indebtedness issued by the District.

(e) In accordance with the 1992 Order, all revenue generated by the District, including the proceeds from the issuance of any bonds, notes or other evidences of indebtedness, shall be deposited in the Parks Fund and shall be allocated among all affected Public Agencies within the District as defined in Section 5506.9 of the California Public Resources Code, for expenditure consistent with the purposes of Division 5, Chapter 3, Article 3 of said Public Resources Code and of the 1992 Order and this resolution. The County shall be reimbursed from the Parks Fund for the actual costs of administration of the District and the costs of issuance of bonds, notes or other evidences of indebtedness by the District.

(f) If the County purchases a surety bond to replace cash in a debt service reserve fund, either before or after bonds are issued, the cash so replaced shall be allocated in the same manner described in Section 24.

(g) No proceeds of any bonds, notes or other evidences of indebtedness issued by the District shall be used for any operations, maintenance or servicing purposes, except that such proceeds may be used to pay all costs incidental to the preparation and issuance of bonds, notes or other evidences of indebtedness of the District.

(h) The amounts of all allocations designated in Section 3 are net amounts, and shall not be reduced for administrative costs of the District.

(i) The District shall contract for an independent audit to be conducted annually by an independent auditing firm for the purposes of determining compliance by the District with the terms of this resolution and the 1992 Order, and to report on the status of all expenditures, grants and contracts as of the end of each fiscal year, including all fund balances; such audit to be completed and such auditor's report to be issued by January 1 of the following year. The Board may establish by resolution the scope of the annual audit which may include among other things an audit of the funds received and expended pursuant to this resolution and the 1992 Order by any recipient agency, including but not limited to the Department of Parks and Recreation, the Santa Monica Mountains Conservancy, the City of Los Angeles and the Department of Beaches and Harbors.

(j) The District shall manage its revenues and issue debt in a manner so as to ensure that sufficient funds are available in accordance with the terms of the Master Indenture to finance all capital outlay projects specified in Section 3 of this resolution and in Section 8 of the 1992 Order by the end of fiscal year 2008-09, and shall annually prepare a Plan of Revenues and Expenditures for the entire life of the 1992 Assessment and the Additional Assessment which demonstrates such availability of funds. The annual Plan of Revenues and Expenditures shall be prepared following completion of the annual audit referred to in subsection (i) of this Section and shall be adopted by the Board prior to June 30 of each year. In preparing the Plan of Revenues and Expenditures the District shall consult with an independent Financial Consultant, and may incorporate directly or by reference all or any portion of the engineer's report prepared by the District for that fiscal year.

Section 22. The Additional Assessment shall be levied for a period of twenty-two (22) years beginning with the fiscal year in which such Additional Assessment is first levied and collected by the District.

Section 23. (a) In each of the first twenty (20) years after the date the Additional Assessment is first levied and collected, a minimum of eighty percent (80%) of all proceeds of the Additional Assessment levied and collected by the District shall be used for capital outlay projects, including, but not limited to, acquisition and improvement of real property. For purposes of this resolution, capital outlay projects include the servicing of bonds, notes or other evidences of indebtedness issued by the District.

(b) On an annual basis, fifteen percent (15%) of all proceeds of the Additional Assessment and the 1992 Assessment (or such greater percentage of the proceeds of the Additional Assessment and the 1992 Assessment, not to exceed twenty percent (20%), as determined by the Board) shall be set aside and designated as the maintenance and servicing amount, and shall be used only to maintain and service capital outlay projects funded by the District pursuant to the 1992 Order and this resolution. Such maintenance and servicing amount

of the Additional Assessment and the 1992 Assessment shall be allocated each year as follows: (1) to the County (for the benefit of the Department of Parks and Recreation, or the Department of Beaches and Harbors, or any other applicable department as determined by the Board), an amount obtained by multiplying the aggregate amount of such maintenance and servicing funds to be allocated for such year by a fraction, the numerator of which is the number of parcels of land in the unincorporated area of the County and the denominator of which is the total number of parcels of land in the County; (2) to the Santa Monica Mountains Conservancy, or any other agency designated by it to manage properties acquired pursuant to this resolution or the 1992 Order by the Conservancy or any joint powers entity to which the Conservancy is a party which has acquired properties pursuant to the 1992 Order or this resolution, a percent of the total maintenance and servicing funds that equals the percent of the total capital outlay funds that are allocated to and/or to be expended by the Santa Monica Mountains Conservancy and Mountains Recreation and Conservation Authority pursuant to Section 3 of this resolution; and (3) except as provided in the next paragraph, to each incorporated city within the District, an amount obtained by multiplying the maintenance and servicing funds remaining after the allocations described in the preceding clauses (1) and (2) by a fraction, the numerator of which is the number of parcels of land in such city and the denominator of which is the total number of parcels of land in the incorporated areas of the County. Of the maintenance and servicing funds allocated to the County in this resolution and the 1992 Order, the Department of Beaches and Harbors shall be allocated an amount obtained by dividing the total amount of funds allocated to the Department of Beaches and Harbors in this resolution and the 1992 Order by the total amount of funds allocated for specific identified projects and for per parcel grants to the Department of Parks and Recreation in this resolution and the 1992 Order. On an annual basis, one million seven hundred thousand dollars (\$1,700,000) shall be deducted from the maintenance and servicing funds allocated to the City of Los Angeles in this resolution and the 1992 Order, and such amount shall be used to pay debt service on bonds, notes or other evidences of indebtedness issued to fund the project described in Section 8(b)2.V.x of the 1992 Order. In the event of an inconsistency between this Section and Section 23 of the 1992 Order, this Section shall prevail.

The allocations described in this Section 23 shall be made only to those recipients which certify that (1) such funds shall be used only to maintain and service projects funded by the District pursuant to this resolution or the 1992 Order, and (2) such funds shall be used to supplement existing levels of service and not to fund existing levels of service.

(c) If operation and maintenance and/or ownership of the County's beaches are transferred to a non-County entity in the future, the funds allocated pursuant to this section for maintenance and servicing of the County's beaches shall be re-allocated by the Board for maintenance and servicing of projects funded by this resolution or the 1992 Order.

Section 24. (a) To the extent permitted by applicable law and not inconsistent with the other provisions of this resolution, in each fiscal year, as determined by the independent audit conducted pursuant to subsection (i) of Section 21, a portion of the excess of (1) assessment revenues collected pursuant to this resolution and the 1992 Order plus investment earnings thereon, and any other revenues of the District (excluding bond proceeds or any other evidences

of indebtedness, but including collections of delinquent assessments and interest and penalties thereon), all cumulative to the date of the independent audit, over (2) amounts expended for capital outlay (excluding capital outlay funded with bond proceeds or other borrowed funds), and amounts expended or allocated for maintenance and servicing, administrative costs and debt service, all cumulative to the date of the independent audit (such excess being hereinafter referred to as the "Excess"), shall be allocated by the Board for grants in furtherance of the purposes of this resolution and the 1992 Order. The independent Financial Consultant referred to in subsection (j) of Section 21 shall annually determine what portion of the Excess from the prior year may be made available in the next fiscal year pursuant to this Section 24 without impairing the ability of the District to finance all capital outlay projects specified in Section 3 of this resolution and in Section 8 of the 1992 Order by the end of fiscal year 2008-09 and without impairing the District's ability to issue or repay bonds, notes or other evidences of indebtedness (such amount being hereinafter referred to as the "Available Excess"). The independent Financial Consultant shall make a recommendation as to the Available Excess to the District for its use in preparing the annual Plan of Revenues and Expenditures referred to in subsection (j) of Section 21. In each year, 80% of the Available Excess as identified in the Plan of Revenue and Expenditures approved by the Board shall be allocated by the Board pursuant to this section and in accordance with the following schedule (to the extent permitted by applicable law and not inconsistent with the other provisions of this resolution): 80% shall be allocated for capital projects and 20% shall be allocated for maintenance and servicing of those capital projects.

(b) Over the life of the 1992 Assessment and the Additional Assessment, a total of ten percent (10%) of the funds expended for capital outlay pursuant to subsection (a) shall be allocated for competitive grants pursuant to subsections (a)(2) and (a)(3) of Section 3, which shall be allocated equally among each supervisorial district; the remainder of the funds to be expended pursuant to subsection (a) of this Section shall be equally distributed between the category of highest priority regional open space and recreation projects (as defined in this Section) and the category of regional park and recreation facilities (as determined by the District). Of the annual amount of funds allocated pursuant to this Section, capital funds shall be available only to those agencies which have expended or committed to expenditure the capital funds allocated to said agencies in any category of expenditure under this resolution and the 1992 Order, except that the amount available for the category of regional park and recreation facilities shall be equally distributed between grants to the County and incorporated cities. Grants to incorporated cities shall be made only to those cities that have expended or committed to expenditure all funds allocated to them in all categories of expenditure under this resolution and the 1992 Order. In any year, first priority for expenditure of funds under this section shall be given to land acquisition projects. Capital funds not encumbered in any fiscal year shall be available for reallocation by the Board, pursuant to this section, in the subsequent annual allocation.

(c) For purposes of this section, "highest priority regional open space and recreation projects" shall mean projects for the purposes of and expended by the agencies identified in subsections (b)(2), (b)(9), (b)(14), and (d) of Section 3, including the Santa Clarita Woodlands,

and for projects along Ballona Creek consistent with the purposes and conditions specified in subsection (b)(9).

Section 25. Individuals who qualify for the California Property Tax Postponement Program (Sections 20581 et seq. of the California Revenue and Taxation Code) may also qualify for postponement of the Additional Assessment. The Treasurer and Tax Collector of the County shall notify those individuals who have qualified for the Property Tax Postponement Program of this provision.

Section 26. The method of assessment contained in the Engineer's Report with respect to the 1992 Assessment is hereby amended to the extent and with the effect that the portion of any vacant parcel of land, and the vacant portion of any partially improved parcel of land, in excess of two and one-half acres shall not be assessed. Notwithstanding any discrepancies, differences or variations between the Engineer's Report with respect to the 1992 Assessment and the Engineer's Report with respect to the Additional Assessment, it is the intent of this resolution that the method of assessment with respect to both the 1992 Assessment and the Additional Assessment shall be identical in all respects. Any such discrepancies, differences or variations in the method of assessment shall be resolved in favor of the Engineer's Report with respect to the Additional Assessment.

Section 27. Any revenue generated by the District (including the proceeds of any indebtedness of the District) which is available for capital outlay purposes, may be applied to fund any project contemplated under the 1992 Order or this resolution. In furtherance of this provision, proceeds of the 1992 Assessment which are to be applied to capital outlay purposes may be applied to fund projects under this resolution, and proceeds of the Additional Assessment which are to be applied to capital outlay purposes may be applied to fund projects under the 1992 Order. In addition, any proceeds of the 1992 Assessment or the Additional Assessment which are to be applied to capital outlay purposes may be applied to pay the principal of, or interest on, any bonds, notes or other indebtedness of the District, regardless of the time of issuance or the use of the proceeds of such bonds, notes or indebtedness.

Section 28. In case any provision of this resolution shall be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions of this resolution shall not in any way be affected or impaired thereby.

Section 29. This resolution shall not take effect unless approved by a majority of the voters of the County voting on the matter at a general or special election called by the Board for such purpose. If so approved by the voters, this resolution shall take effect, and the Additional Assessment shall exist and be deemed approved, all as of the date of the election, without regard to the date of certification of the election results.

Section 30. The officers and employees of the County and ex officio the officers and employees of the District, are and each of them acting alone is, hereby authorized and directed to

take any and all actions which are necessary or desirable to carry out the purposes of this resolution and the 1992 Order.

Section 31. The County Counsel is hereby authorized and directed to prepare a final text of this resolution, incorporating all amendments to the version on file with the Clerk of the Board on June 13, 1996, and approved by the Board, including appropriate paragraph numbering and/or lettering, cross references and other technical or conforming changes as County Counsel may deem necessary or desirable to carry out the Board's intent and for clarity and ease of reading. Technical and conforming changes shall include but not be limited to the insertion of new paragraphs in the appropriate place with an appropriate numerical or letter designation and the renumbering or re-lettering of other subsections and paragraphs to reflect the insertion, together with the updating of cross-references to such renumbered and re-lettered subsections and paragraphs in other portions of the resolution.

Section 32. The list of improvements in the Final Engineer's Report is amended to conform with descriptive and fiscal changes made to projects in Section 3 of this resolution.
