Subject: Opposition to Proposed 900 Club Entitlements, 18 February 2020

Mayor Hersman and Councilmembers,

Coastal Defender, an IRS 501(c)(4) nonprofit corporation [SOS# 3310804], opposes the proposed increase in entitlements for the 900 Club, per the attached notice.

For substantial evidence opposing the 900 Club application, this email cites in its entirety, the administrative record ["AR"], *McPherson, et al. v. City of Manhattan Beach - LASC Case No. BS 174550 - Certified Administrative Record.pdf*. This citation shall also include the 'uncertified' portion of the AR, pp. AR2110-AR3014.

The city has the 900 Club AR on file as a public record, so no reason exists to send an electronic copy or file a hard copy.

After review of the staff report, Coastal Defender will submit additional substantial evidence opposing this new amendment to the 900 Club use permit.

Don McPherson
President, Coastal Defender
